**Merchants of Menace** Richard Nowell, 2014-04-10 Anglophone horror films are typically approached as the inevitable by products of psychological and social demons haunting filmmakers and their homelands in short as if they were our collective nightmares These reflectionist approaches have led horror films routinely and reductively to be framed as mouthpieces for misogynistic sadists lurking in the shadows of the exploitation sector as defiant expressions of resistance enacted by noble progressives or as platforms for the politically reactionary evils of the biggest scariest monster of all Hollywood The industry logic strategies and practices that heavily determine horror film content the nature of horror film production promotion and dissemination as well as the responses to these activities have therefore been either side stepped completely or reduced unhelpfully to the profit making motives underwriting all capitalist endeavours Consequently even though horror has been a key component of media output for almost a century the genre's industrial character remains under explored and poorly understood EDITOR

**Willful Monstrosity** Natalie Wilson, 2020-01-16 Taking in a wide range of film, television, and literature, this volume explores 21st-century horror and its monsters from an intersectional perspective with a marked emphasis on gender and race. The analysis, which covers over 70 narratives, is organized around four primary monstrous figures: zombies, vampires, witches, and monstrous women. Arguing that the current horror renaissance is populated with willful monsters that subvert prevailing cultural norms and systems of power, the discussion reads horror in relation to topics of particular import in the contemporary moment: rampant sexual violence, unbridled capitalist greed, brutality against people of color, militarism, and the patriarchy's refusal to die. Examining ground-breaking films and television shows such as *Get Out*, *Us*, *The Babadook*, *A Quiet Place*, *Stranger Things*, *Penny Dreadful*, and *The Passage*, as well as works by key authors like Justin Cronin, Carmen Maria Machado, Helen Oyeyemi, Margo Lanagan, and Jeanette Winterson, this monograph offers a thorough account of the horror landscape and what it says about the 21st-century world. British Gothic Cinema B. Forshaw, 2013-10-17 Barry Forshaw celebrates with enthusiasm the British horror film and its fascination for macabre cinema. A definitive study of the genre, *British Gothic Cinema* discusses the flowering of the field with every key film discussed from its beginnings in the 1940s through to the 21st century.
