The Definitive Battle for Palestine B. L. Turner, 2014-02-10 The Definitive Battle for Palestine is an engaging dramatic exposition of the message of the 38th and 39th chapters of Ezekiel's Old Testament prophecy The exposition utilizes the format of drama with plot characters suspense and a surprising finale Ezekiel took the names of most of the characters in his cosmic drama from the table of nations found in the tenth chapter of Genesis Usually for contemporary American Christians the names for many if not most of the actors in this drama are archaic and irrelevant The Definitive Battle for Palestine brings these people to life It traces their centuries long careers locates them in the modern world and gives insight into their current political and ideological tendencies and commitments Names like Togarmah Tubal Put Cush Tarshish and Dedan come alive In the plot Ezekiel's basic cast of characters joins with others in a gargantuan military coalition which is committed to the destruction of the tiny state of Israel First of all the coalition is enticed by the desire to dominate the highly strategic geographic location currently occupied and controlled by Israel They see this as an indispensable step in achieving their dreams of ultimate world domination Also the invaders are motivated by the vision of becoming heirs to the lush economic plums which are now being enjoyed by the Israelis whom they detest But probably it is not only the current economic success of Israel which beckons the invaders but the prospects of even greater treasure like that sought through exploratory drilling for oil and gas both in Israeli territory and in Israel's offshore coastal waters in the Mediterranean But developing events prove that Israel is not totally without friends God at this most critical juncture is able to call for an external sword on Israel's behalf At the same time faced with unexpected difficulties the internal cohesion of the invading coalition breaks down At that desperate moment the forces of nature also conspire against the ranks of the coalition The upshot is the total defeat of the invading myriads At the close of hostilities Israel is enriched by mountains of supplies forfeited by the defeated invaders and also gains broad international recognition of its rightful place in the family of nations Even more importantly the war leads to a world wide theological and ideological realignment resulting in the dawn of an entirely new era for Judaism and Christianity on one hand as well as for Islam and Communism on the other The Definitive Battle for Palestine will give Christians deep biblical up to the minute understanding of world affairs and the role which the people of Christ should fill in the crucial times which lie just before us **Holman New Testament Commentary -**

Nicolai, Nathan Worku, 2024-12-31 This book provides an empirical analysis mapping and assessment of Canadian right wing extremist RWE groups and their conspiracy theories While the majority of studies on RWE groups focus on American and European actors this book critically examines conspiracies disseminated by Canadian actors on different online sites and

social media platforms The authors deploy a mapping metaphor to chart the conspiratorial ideas that RWE groups create and share online The book also examines the infrastructural terrain that supports mainstream and alternative platforms and the dark monetization structures that act as important conduits for this negative messaging Theoretically the study is situated within the concepts of dark social movements where dark participation on dark platforms often occurs A conceptualization of conspiracy theories is developed by exploring four specific aspects 1 topics 2 targets 3 concerns and 4 actors This concept is operationalized by applying it to BitChute and Telegram The book also offers a historical understanding of different RWE groups and their ideological positions In addition it provides an empirical investigation of Google s autocomplete feature Amazon books the Dark Web and several other alternative social media sites It will be of interest to researchers of Canadian politics conspiracy theories and the far right      **Wissenschaftliche Untersuchungen Zum Neuen Testament** ,2001
