## **The Development Policy Of The European Union The European Union Series:**

**The European Union and Global Development** S. Gänzle, S. Grimm, D. Makhan, 2012-04-17 An assessment of the capacity of the EU to coordinate actors and policies with regards to global development The authors argue that the EU and its member states have the potential to act for global development when they are able to improve policy and actor coherence such as through better linking of bilateral and community programmes *The European Union's Africa Policies* Daniela Sicurelli, 2016-12-05 The European Union EU is a key partner for African regional organizations and a major promoter of economic and political integration in the region Several studies have interpreted the EU's role in Africa as either a self interested hegemonic actor or as a value oriented normative power In this volume Daniela Sicurelli challenges these views by taking a closer look at Europe's policies towards Sub Saharan Africa in the area of peacekeeping trade and development and environmental protection Using fresh empirical evidence including interviews with both European and African officials she argues that the EU is far from becoming a unitary player in Africa Lacking a clear strategy and coherent normative framework the EU should be considered a multi level actor where national and supranational institutions have different interests and push forward contrasting views of what role Europe should play in Africa The ability of single institutions to frame an issue as requiring either intergovernmental or supranational procedures appears crucial for shaping the content of European Africa policies An original contribution to the growing literature on the EU as an international actor this book is extremely useful to scholars researchers and policy makers demanding critical work in the field of EU Africa policy *The European Union's Strategic Partnerships* Laura C. Ferreira-Pereira, Michael Smith, 2021-03-04 This book provides a critical and updated analysis of the nature of the EU's strategic partnership diplomacy and of the partnerships themselves in times of power shift and contestation It links with key aspects of the EU's Global Strategy it brings together a strong list of experts who work within a clear framework for analysis and it deals not only with the substance of the policy but also with the ways in which the policy as a whole has emerged is conducted and might develop in the future In offering an inclusive set of case studies and diverse perspectives this book aims to advance both conceptualization and analysis of the implementation of the established EU partnerships The book highlights the notion of strategic partnership as a foreign policy instrument to support EU external action in a context of multilevel change and crisis its policy dimension as a gradually separated but not separable policy within the Union's external action the institutional component given the emergence of SPs as a sort of self preserving institutional platform allowing for denser and deeper cooperation in various policy areas and the implications for the EU's self conception as an international actor with a global identity and role *Annual Report ... on the European Union's Development and External Assistance Policies and Their Implementation in ...*, 2013 **Development Policy of the European Union** Martin Holland, Mathew Doidge, 2012-02-22 Designed to replace Martin Holland's *The European Union and the Third World* this new text provides systematic coverage of the European Union's policies in relation to the developing

Pollack, Christilla Roederer-Rynning, Alasdair R.
