Ellrod,2025-03-13 Since 1994 over 4 000 human remains have been recovered from the Sonoran Desert Victims of a border enforcement strategy that weaponizes the landscape against migrants the ever growing ledger of the dead counts the human cost at which the present political paradigm is secured Through a series of readings of biblical texts informed by philosophical theological and legal theory this book facilitates a reckoning between the self determining polity and the excluded outsider s ethical demand Finding in their demand the motivation for novel forms of legal interpretation and political agency Ellrod sketches a hopeful life affirming alternative to Realist Political Theologies of Migration Documenting the Undocumented Marta Caminero-Santangelo,2017-10-10 Looking at the work of Junot Diaz Cristina Garcia Julia Alvarez and other Latino authors who are U S citizens Marta Caminero Santangelo examines how writers are increasingly expressing their solidarity with undocumented immigrants Through storytelling these writers create community and a sense of peoplehood that includes non citizen Latino as This volume also foregrounds the narratives of unauthorized migrants themselves showing how their stories are emerging into the public sphere Immigration and citizenship are multifaceted issues and the voices are myriad They challenge common interpretations of illegal immigration explore inevitable traumas and ethical dilemmas protest their own silencing in immigration debates and even capitalize on the topic for the commercial market Yet these texts all seek to affect political discourse by advancing the possibility of empathy across lines of ethnicity and citizenship status As border enforcement strategies escalate along with political rhetoric detentions and deaths these counternarratives are more significant than ever before and their perspectives cannot be ignored What we are witnessing argues Caminero Santangelo is a mass mobilization of stories This growing body of literature is critical to understanding not only the Latino immigrant experience but also alternative visions of nation and belonging *Encyclopedia of Hispanic-American Literature* Luz Elena Ramirez,2015-04-22 Presents a reference on Hispanic American literature providing profiles of Hispanic American writers and their works The Greenwood Encyclopedia of Latino Literature Nicolás Kanellos,2008-08-30 From East L A to the barrios of New York City and the Cuban neighborhoods of Miami Latino literature or literature written by Hispanic peoples of the United States is the written word of North America s vibrant Latino communities Emerging from the fusion of Spanish North American and African cultures it has always been

Summary of Luis Alberto Urrea's *The Devil's Highway* Everest Media,2022-03-25T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The men were so sunstruck that they didn't know their own names couldn't remember where they came from or how long they had been lost They were walking now just to find water not salvation 2 The Devil's Highway is a name that has set out to illuminate one notion bad medicine The first white man to die in the desert heat here did so on January 18 1541 3 The history of Mexico is the history of white immigrants conquering and settling the country 4 The town of Sonoita Mexico was founded in 1541 by Spanish explorers who were looking for gold It was a stopping point for them and they did not want to spend their holidays there but they were deep into hostile territory

Disinventions José Manuel Cortez,2025-09-09 US immigration policy along the southwestern border is deadly Since 1994 the US Border Patrol has implemented a federal immigration strategy known as prevention through deterrence which closed off many urban entry points along the US Mexico border and militarized urban border crossings This policy forced undocumented migrants to cross through dangerous terrain like the Sonoran Desert often with tragic results Immigrant advocates highlight migrant disappearances and deaths to expose the policy's human toll In *Disinventions* José Manuel Cortez argues this approach is unlikely to bring an end to such oppressive immigration practices *Disinventions* examines the cultural political and rhetorical effects of US deterrence practices exploring how discourse on immigration overlooks subjects who have always been a part of the borderlands but are rarely included in migration narratives He highlights the failings of decolonial methods and discourse to fully capture and represent marginalized voices including Black Central American and queer subjects And he develops an ethics of unconditional hospitality embracing undocumented migrants By drawing on the concept of atopias and what he calls sites of disinvention to unearth new forms of politics Cortez suggests we can transcend the limits of decolonization discourse and humanize undocumented immigrants This challenging and engaging work should

Politics, Identity, and Mobility in Travel Writing Miguel A. Cabañas, Jeanne Dubino, Veronica Salles-Reese, Gary Totten, 2015-06-26 This collection examines the intersections between the personal and the political in travel writing and the dialectic between mobility and stasis through an analysis of specific cases across geographical and historical boundaries The authors explore the various ways in which travel texts represent actual political conditions and thus engage in discussions about national transnational and global citizenship how they propose real world political interventions in the places where the traveler goes what tone they take toward political or socio political violence and how they intersect with political debates Travel writing can be viewed as political in a purely instrumental sense but as this volume also demonstrates travel writing's reception and ideological interventions also transform personal and cultural realities This book thus examines the ways in which politics material effects inform and intersect with personal experience in travel texts and engage with travel's dialectic of mobility and stasis In spite of globalization and efforts to eradicate the colonial vision in travel writing and in travel writing criticism this vision persists in various and complex ways While the travelogue can be a space of discursive and direct oppression these essays suggest that the travelogue is also a narrative space in which the traveler employs the genre to assert authority over his or her experiences of mobility This book will be an important contribution for interdisciplinary scholars with interests in travel writing studies global and transnational studies women's studies multicultural studies the social sciences and history
