The Gospel according to Star Wars, Second Edition John C. McDowell, 2017-09-07 In a new and updated version of this best selling book John McDowell explores the many spiritual themes that weave throughout

the Star Wars films From the Force to the dark side the issues discussed in the films have a moral and spiritual complexity that if paid attention to can help us better understand our place in the world and our relation to others and to God George Lucas the creator of Star Wars did not intend for his films to be mere entertainment McDowell argues Rather he hoped his films would be used as a vehicle for moral education This new version has been thoroughly revised to include discussion of The Force Awakens and other new developments in the Star Wars universe *Finding the Force of the Star Wars Franchise* Matthew Kapell, John Shelton Lawrence, 2006 Textbook Identity Politics in George Lucas' Star Wars John C. McDowell, 2016-03-18 George Lucas spoke about the didactic role of cinema and about his own work being presented through the moral megaphone of the film industry A considerable body of scholarship on the six part Star Wars series argues unconvincingly that the franchise promoted neo conservatism in American culture from the late 1970s onward But there is much in Lucas grand space opera to suggest something more ideologically complex is going on This book challenges the view of the saga as an unambiguously violent text exemplifying reactionary politics and discusses the films identity politics with regard to race and gender **Politics for the Love of Fandom** Ashley Hinck, 2019-03-13 Politics for the Love of Fandom examines what Ashley Hinck calls fan based citizenship civic action that blends with and arises from participation in fandom and commitment to a fan object Examining cases like Harry Potter fans fighting for fair trade YouTube fans donating money to charity and football fans volunteering to mentor local youth Hinck argues that fan based citizenship has created new civic practices wherein popular culture may play as large a role in generating social action as traditional political institutions such as the Democratic Party or the Catholic Church In an increasingly digital world individuals can easily move among many institutions and groups They can choose from more people and organizations than ever to inspire their civic actions even the fandom for children s book series Harry Potter can become a foundation for involvement in political life and social activism Hinck explores this new kind of engagement and its implications for politics and citizenships through case studies that encompass fandoms for sports YouTube channels movies and even toys She considers the ways in which fan based social engagement arises organically from fan communities seeking to change their world as a group as well as the methods creators use to leverage their fans to take social action The modern shift to networked fluid communities Hinck argues opens up opportunities for public participation that occurs outside of political parties houses of worship and organizations for social action Fan based citizenship performances help us understand the future possibilities of public engagement as fans and creators alike tie the ethical frameworks of fan objects to desired social goal such as volunteering for political candidates mentoring at risk youth and promoting environmentally friendly policy Politics for the Love of Fandom examines the communication at the center of these civic actions exploring how fans nonprofits and media companies manage to connect internet based fandom with public issues *Gus and Duncan's Comprehensive Guide to Star Wars Collectibles* Duncan Jenkins, Gus Lopez, 2008-11 **Tricycle** , 2006 Shambhala Sun , 2004 *Immortal India* Amish, 2024-03-20 India a land

that witnessed the dawn of civilization the only pre Bronze Age culture that is still alive It has been celebrated and attacked admired and vilified But across millennia through many great upheavals in history it has stood strong Now after a few centuries of decline it is driving a new dawn once again Ajanaabhavarsh Bharat Hindustan India The names may be varied but the soul of this great land remains immortal In this expanded edition of his much acclaimed book *Immortal India* Young Country Timeless Civilization Amish helps you appreciate India like never before through a fresh series of sharp articles nuanced speeches and intelligent debates With his deep understanding of a range of subjects from religion mythology and tradition to history contemporary societal norms governance and ethics Amish provides insight into the vast landscape of an ancient culture with a fascinatingly modern outlook

Recent Releases Geert Hallbäck, Annika Hvithamar, 2008 The relationship between theology and film has always been a complicated one When film was invented at the end of the nineteenth century it quickly gained its place in popular culture far from the orthodoxies of the scholarly world and of the Church For the better part of the twentieth century popular cinema was considered off limits for serious studies of Bible and culture Recently however there has been a growing understanding of how the Bible is being used in popular culture not as a historical document or as an authoritative canon but as part of the cultural intertext Cinema is a vivid example of the role and impact of the Bible in contemporary society In this well theorized collection of essays the issue is treated from several angles Using the methodology of theology the question of the alleged escapism of popular cinema is explored Using the methodology of media studies the impact of the media on religious communication is analysed And using the methodology of religious studies the influence of the cinema in the creation of new religions religious behaviour and religious institutions is investigated In addition the book offers fruitful analyses of the cinematic use of biblical themes such as Eden salvation Mary Magdalene and Jesus as well as of the cinematic application of ethical themes such as truth telling personal growth suffering the accomplishment of good and the creating of meaning for human beings *The Publishers Weekly*, 2005 **Newsweek**, 2005-05 [Book Review Index - 2009 Cumulation](#) Dana Ferguson, 2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year *A Gathering of Spirit* Ellen S.
