The Dinosaur Quarterly Issue 4 September 2015

Robert I. Sutton, Huggy Rao

The Dinosaur Quarterly Issue 4 September 2015:

Dinosaurs, Volcanoes, and Holy Writ James L. Hayward, 2020-04-29 An earnest young boy who loves nature grows up the son of a fundamentalist pastor He goes to college trains as a biologist and becomes a successful university professor In the process he finds some of the religious beliefs that carried him through childhood and adolescence indefensible in the face of evidence from biology and geology and even from Scripture itself What s he to do This is the journey of a boy turned scientist who finds a path away from the idols of fundamentalism and toward a universe rich with process intrigue and mystery Along the way he discovers a faith consistent with physical reality one open to beauty kindness and hope

English Teaching and Evangelical Mission Bill Johnston, 2017-01-25 Debates about the place of mission work in English Language Teaching continue to rage and yet full length studies of what really happens at the intersection of ELT and evangelical Christianity are rare In this book Johnston conducts a detailed ethnography of an evangelical language school in Poland looking at its Bible based curriculum and analyzing interaction in classes for adults He also explores the idea of relationship in the context of the school and its mission activity and more broadly the cultural encounter between North American evangelicalism and Polish Catholicism The book comprises an in depth examination of a key issue facing TEFL in the 21st century and will be of interest to all practitioners and scholars in the field whatever their position on this topic

The Friction Project Robert I. Sutton, Huggy Rao, 2024-01-30 The definitive guide to eliminating the forces that make it harder more complicated or downright impossible to get things done in organizations Find out why Adam Grant says If every leader took the ideas in this book seriously the world would be a less miserable more productive place Every organization is plagued by destructive friction Yet some forms of friction are incredibly useful and leaders who attempt to improve workplace efficiency often make things even worse Drawing from seven years of hands on research The Friction Project by bestselling authors Robert I Sutton and Huggy Rao teaches readers how to become friction fixers Sutton and Rao kick off the book by unpacking how skilled friction fixers think and act like trustees of others time They provide friction forensics to help readers identify where to avert and repair bad organizational friction and where to maintain and inject good friction Then their help pyramid shows how friction fixers do their work from reframing friction troubles they can t fix right now so they feel less threatening to designing and repairing organizations The heart of the book digs into the causes and solutions for five of the most common and damaging friction troubles oblivious leaders addition sickness broken connections jargon monoxide and fast and frenzied people and teams Sound familiar Sutton and Rao are here to help They wrap things up with lessons for leading your own friction project including linking little things to big things the power of civility caring and love for propelling designs and repairs and embracing the mess that is an inevitable part of the process while still trying to clean it up

You Are What You Watch Walter Hickey, 2023-10-24 Pulitzer Prize winning author and data expert Walt Hickey explains the power of entertainment to change our biology our beliefs how we see ourselves and how nations gain power Virtually

anyone who has ever watched a profound movie a powerful TV show or read a moving novel understands that entertainment can and does affect us in surprising and significant ways But did you know that our most popular forms of entertainment can have a direct physical effect on us a measurable impact on society geopolitics the economy and even the future itself In *You Are What You Watch* Walter Hickey Pulitzer Prize winner and former chief culture writer at acclaimed data site FiveThirtyEight.com proves how exactly how what we watch and read and listen to has a far greater effect on us and the world at large than we imagine Employing a mix of research deep reporting and 100 data visualizations Hickey presents the true power of entertainment and culture From the decrease in shark populations after *Jaws* to the increase in women and girls taking up archery following *The Hunger Games* *You Are What You Watch* proves its points not just with research and argument but hard data Did you know for example that crime statistics prove that violent movies actually lead to less real world violence And that the international rise of anime and Manga helped lift the Japanese economy out of the doldrums in the 1980s Or that British and American intelligence agencies actually got ideas from the James Bond movies In *You Are What You Watch* readers will be given a nerdy and sobering celebration of popular entertainment and its surprising power to change the world

Black Popular Culture and Social Justice Lakeyta M. Bonnette-Bailey, Jonathan I. Gayles, 2023-02-21 This volume examines the use of Black popular culture to engage reflect and parse social justice arguing that Black popular culture is more than merely entertainment Moving beyond a focus on identifying and categorizing cultural forms the authors examine Black popular culture to understand how it engages social justice with attention to anti Black racism *Black Popular Culture and Social Justice* takes a systematic look at the role of music comic books literature film television and public art in shaping attitudes and fighting oppression Examining the ways in which artists scholars and activists have engaged discussed promoted or supported social justice on issues of criminal justice reform racism sexism LGBTQIA rights voting rights and human rights the book offers unique insights into the use of Black popular culture as an agent for change This timely and insightful book will be of interest to students and scholars of race and media popular culture gender studies sociology political science and social justice
