The Disabled God Toward A Liberatory Theology Of Disability:

The Disabled God Nancy L. Eiesland, 1994 Integrating intellectual with personal political and spiritual the author defines a liberatory theology for the disabled *Disability in the Greek Patristic Tradition* Petre Maican, 2025-10-16 This volume explores the profound ways in which key thinkers from the Greek Christian East engaged with the realities of human frailty impairment and divine purpose **Theology and the Experience of Disability** Andrew Picard, Myk Habets, 2016-04-28

The Christian gospel compels humanity to embrace deeper ways of being human together that will overcome false divisions and exclusions in search of flourishing and graced communities Presenting both short narratives emerging out of theological reflection on experience and analytical essays arising from engagement in scholarly conversations Theology and the Experience of Disability is a conscious attempt to develop theology by and with people with disabilities instead of theology about people with disabilities A mixture of academic professional practical and or lived experience is brought to the topic in search of constructive multi disciplinary proposals for church and society The result is an interdisciplinary engagement with the constructive possibilities that emerge from a distinctly Christian understanding of disability as lived experience

Refusing to Be Made Whole Anna LaQuawn Hinton, 2025-03-17 In Refusing to Be Made Whole Disability in Black Women s Writing author Anna LaQuawn Hinton examines how contemporary Black women writers present becoming disabled as a traumatic and violent experience of Black womanhood Nevertheless Black women embrace disabled Black womanhood by turning to Africanist spiritual understandings of wholeness which view debilitating injury and illness as not only physical but also spiritual not just an individual problem but a symptom of discord in the community Black women use these belief systems to reimagine healing in ways that make space for a variety of bodymindspirits Hinton maintains that this is not only a major theme in contemporary Black women s writing but that it also shapes the formal elements characteristic of the Black women s literary tradition Refusing to Be Made Whole analyzes texts published after the civil rights movements of the 1950s and 1960s focusing particularly on the late 1970s onward when Black women s writing flourished Through the lens of writings by authors such as Toni Cade Bambara Gayl Jones Gloria Naylor Ntozake Shange Audre Lorde Alice Walker Toni Morrison Octavia Butler Sapphire and Sarah E Wright Hinton addresses prominent critical discourses within Black feminist literary studies Hinton approaches the intersections of Africanist spirituality race gender class and disability conversations about representation community motherhood and sexuality through a Black feminist disability studies framework Refusing to Be Made Whole embraces the complex and multifaceted nature of Black women s writing arguing that through this collision of race gender and spirituality Black women writers speak healing and wellness into their readers lives and their own God, Suffering, and Disability Mary Schaefer Fast, 2019-05-22 God Suffering and Disability A Trinitarian Theodicy of the Cross utilizes both Christological and pneumatological perspectives of Luther s theology of the cross to address the complexities of suffering and disability Through the lens of the cross the God who suffers enables humans to call

a thing what it is by recognizing the suffering that often accompanies disability Rather than asking why the Triune God allows people to suffer this theodicy of disability focuses on where the Father Son and Spirit are in that very human experience As a new theodic construct a Trinitarian theodicy of the cross responds to both the theological concerns of the church and the theoretical apprehensions of society It encourages Christians to live as theologians of the cross empowers the faith community by informing both its theology and praxis and provides a theoretical response to secular society that will enrich the field of disability studies

Even After Everything Stephanie Duncan Smith, 2024-10-15 A special work J S Park that honors life s deep griefs great joys and unsettled in between through every sacred season assuring us that we are never alone Oh I love this book Honest and hopeful masterfully written both a balm and a bolstering Shauna Niequist New York Times bestselling author Exquisitely told and urgently resonant Even After Everything is a love letter to anyone who has opened their heart only to be hurt Stephanie Duncan Smith proposes that it s not through grit or forced resilience that you will find a way forward but through receiving the full spectrum of our lives just as we receive the empathy of God with us in every moment Duncan Smith s disorientation began when she lost her first pregnancy on the winter solstice just as the world readied to celebrate its most historic birth on Christmas Then a new yet uncertain pregnancy unfolded parallel to the pandemic until nearly one year to the day of her loss she gave birth to her daughter at the peak of mortality in their city These contradictions compelled Duncan Smith into a desperate search for steadiness which she found in the liturgical year as a grounding force and the promise that we are seen by God in every season In Even After Everything Duncan Smith traverses the church s circle of time and reorients herself and

us in the sacred story told through Advent Epiphany Lent Holy Week and Ordinary Time She reveals the sacred year through its endless interplay of love loss risk and resurrection as a mirror to the human experience an anchor for turbulent times and a womb strong enough to encompass every human care At its heart lives the promise of God with us inviting us into the spiritual practice of taking courage in the trust that we are accompanied in everything and love will always have the last word

Religion is a Queer Thing Elizabeth Stuart, 1997 The last ten years have witnessed a sea change amongst lesbian gay bisexual and transgendered Christians Many are no longer content to beg a place at the pre existing table of the institutional Churches Rather they have found a new confidence in their ability to define their own experience and think theologically about it Queer

theology is emerging as a distinctive radical and explosive theological tradition of which all in the churches will eventually have to take notice This theology exposes the heterosexist thought patterns and assumptions that underlie many Christian doctrines and practices and rescues parts of the tradition helpful to queer Christians which may have been lost along the way Most importantly of all it fashions Christian theologies untainted by homophobia and heterosexism This book makes queer theology available and accessible to a general reader and encourages the reader to become part of the ongoing development of this theology It is aimed primarily at queer people who are either new to Christianity or those who are interested in reflecting upon their Christian faith from a queer perspective It is a study guide which can be used by groups and by individuals and contains exercises and liturgies as well as explanations of queer theology Subjects covered include the bible salvation Christ body theology God the church death and ethics Christian lesbian gay bisexual and transgendered support groups churches individuals
