

A high-contrast, low-key photograph of a man in a dark suit walking away from the camera down a brightly lit, modern hallway. The man is silhouetted against the bright light coming from the end of the hallway, which creates a strong lens flare and casts a long shadow on the floor. The architecture features clean lines and large windows or glass partitions on the right side.

struggling to redefine what being a man means in today's world. Their confusion has led to rampant male malaise which has left many men feeling alienated and disconnected. Unable to communicate their frustrated thoughts or emotions effectively, too many guys are slacking off and opting out of their manly obligations, producing an entire generation of men who are ditching their own potential and failing the moms, wives, and girlfriends who love them. The Decline of Men is a wake up call to this distressing state of affairs. As award-winning journalist Guy Garcia reports, rather than working hard to achieve top grades or a promotion at work, too many American males squander their energy tracking their fantasy football league scores or mastering the latest video game. Men drop out of school at a far higher rate than women and are far likelier to die early because of poor health habits. Even the male Y chromosome is said to be at risk of disappearing altogether one day. Packed with startling statistics informed by pop culture and narrated in the entertaining style for which Guy Garcia is known, *The Decline of Men* sheds light on a problem that has wreaked havoc on the American family and urges men and women to look past the gender wars to address this national emergency together.
