## **The Divine Embrace Recovering The Passionate Spiritual Life Ancient Future:**

*The Divine Embrace* Robert E. Webber, 2006-10 What is true Christian spirituality Rediscover spirituality's biblical roots and how you can live out your response to God's story today      **Early Christian Readings of Genesis One** Craig D. Allert, 2018-07-24 Do the writings of the church fathers support a literalist interpretation of Genesis 1 Young earth creationists have maintained that they do But are we correctly representing the Fathers and their concerns This study from Craig Allert resets our understanding of early Christian interpretation and considers whether contemporary evangelicals may be more bound to modernity in our reading of Genesis 1 than we realize      *Evangelicals and the Early Church* George Kalantzis, Andrew Tooley, 2011-10-12 In this volume noted Evangelical historians and theologians examine the charge of the supposed ahistorical nature of Evangelicalism and provide a critical historical examination of the relationship between the Protestant evangelical heritage and the early church In doing so the contributors show the long and deeply historical rootedness of the Protestant Reformation and its Evangelical descendants as well as underscoring some inherent difficulties such as the Mercersburg and Oxford movements In the second part of the volume the discussion moves forward as evangelicals rediscover the early church its writings liturgy catechesis and worship following the temporary amnesia of the earlier part of the twentieth century Most essays are accompanied by a substantial response prompting discussion or offering challenges and alternative readings of the issue at hand thus allowing the reader to enter a conversation already in progress and engage the topic more fully This bidirectional look understanding the historical background on the one hand and looking forward to the future with concrete suggestions on the other forms a more full orb'd argument for readers who want to understand the rich and deep relationship between Evangelicalism and the early church      **By what Authority?** Robert L. Millet, 2010 After the apostles Peter and John had healed the lame man at the Gate Beautiful the two disciples were arrested and later brought before the Sanhedrin to account for their deed one that continued to stir the already anxious leaders of the Jews And when they had set them in the midst they asked By what power or by what name have ye done this Acts 4:7 Indeed what was the source of their miracle And by what power or authority did they perform it Those queries ring through the centuries because people in our day still pose the questions Most Christians want to be a part of a denomination or organization that is true faithful to what existed in the first century authorized and therefore approved of God They want to know in other words that God is governing among his people that he is empowering the body of Christ of which they are a part The essays in this book address the central issue of such authority in the Christian life Book Jacket      **Worship Like Jesus** Constance M. Cherry, 2019-10-15 Worship in local churches has changed dramatically over the past fifty years not only in North America but in many places on every continent Have these widespread and varying shifts left us with vague or even false impressions of what the weekly worship event is all about Do followers of Jesus Christ grasp the importance of their role in worship Do they know how to become fully engaged participants Do they realize Jesus himself is our best guide and model

for worship Worship Like Jesus guides Christ followers through the essential features of Christian worship transforming the reader's understanding and experience of worship This leads people even entire congregations to experience worship in exciting and profound ways as never before This type of worship also leads people into deeper and more committed discipleship Imagine a community of fully engaged deeply committed disciples Revered author and scholar Constance Cherry offers this practical and foundational resource for ministry leaders and their worship communities Each chapter follows the same helpful structure Introduction Description of the chapter topic and its importance Discovery of Jesus's own practice Deliberation or reflection on how Jesus's model makes a difference Determination readers consider how their worship will be shaped as a result of this chapter includes questions for reflection Prayer At the end of each chapter an exercise is suggested to help people take a practical step toward greater participation and engagement A Leader Guide is included as an Appendix This equips pastors worship leaders and others to facilitate group study of the book It is a powerful tool for transforming leadership teams and entire congregations

*Contextualization of the Gospel* Andrew James Prince, 2017-06-07 There has been heightened interest and prolific publication by missiologists about contextualization since the term was first coined in 1972 There has been ongoing debate particularly amongst evangelicals themselves regarding which of these meanings methods and models of contextualization are acceptable to use Much of the debate has been carried out by academics and practitioners whose observations and conclusions have been largely shaped by the social sciences and practical theology In contrast the disciplines of biblical studies and Christian thought have not featured significantly in the debate The purpose of this research is to establish that biblical studies and Christian thought in general and Scripture and the church fathers in particular have an essential contribution to make in the contextualization debate and should form part of an evangelical approach to contextualization of the gospel alongside the social sciences and practical theology Following a review of the literature on contextualization over the past forty years the research examines the book of Acts as representative of Scripture and the work of John Chrysostom as a representative church father Contextual principles that are consistent with an evangelical approach to contextualization of the gospel are drawn from each work establishing the value of biblical studies and Christian thought in contextualization

**Essays on the History of Contemporary Praise and Worship** Lester Ruth, 2020-03-09 Seeking to push the historical study of the liturgical phenomenon known as Contemporary Worship or Praise and Worship to a new level this collection of essays offers an introduction to the phenomenon documents critical aspects of its development and suggests methods for future historical study This multi-authored work investigates topics in both the Pentecostal and mainline branches of this way of worship looking at subjects little explored by prior work The provocative issues explored include Integrity Hosanna Music James White charismatic renewal John Wimber the development of second services Black Gospel overlooked non-white sources of worship music degree programs for worship leaders and Robert Webber

*Remembering Our Baptism* Philip R. Meadows, 2018-01-01 Drawing on the roots of early Methodists

Philip Meadows urges readers to use the act of remembering their baptism to connect themselves to their own discipleship and mission. This will result in the daily shaping of their Christian lives by personal and corporate spiritual discipline which is itself decidedly baptismal in character. When church communities of every size remember their baptism they hold one another accountable for the life of disciplined discipleship and everyday witness. A great resource for small group study and clergy.

*Participation and Covenant* Dick Moes, 2024-03-13. In *Participation and Covenant: Contours of a Theodramatic Theology* Moes develops a theological framework that has participation in the life of God in Christ through the Spirit as its integrative center. In doing so he enters into conversation with covenant or federal theology particularly as it has been presented by Michael Horton in which the integrative center is the concept of the covenant. He argues that God's fundamental relationship with humanity does not entail a covenant ontology, a fundamentally legal and ethical relationship to God as we find in Horton's presentation, but rather an ontology of participating in God's loving presence in Christ through the Holy Spirit. For this relationship we were created and this participation is therefore natural to us. Accordingly, a theodramatic framework that incorporates a reframed understanding of divine human covenants and that has participation in the life of God in Christ by the Spirit as its integrative center is better able to give direction for clearly communicating the gospel in our secular culture and for properly shaping our Christian identity and practice in the face of the secularism that affects the church too than Horton's framework of covenant theology.

*A Dictionary of Christ and the Gospels: Aaron-Knowledge* James Hastings, John Alexander Selbie, John Chisholm Lambert, 1906. *Saturday Review of Literature*, 1930. *Words on Cassette*, 1997. *The Divine Embrace* Ken Gire, 2003. Using examples from his own life the author urges Christians to pay close attention to God's gifts and callings and not to take them for granted. Each sighting of God's work Gire says can make Christians fall more in love with Him.
