The Do Or Die Men The 1st Marine Raider Battalion At Guadalcanal:

The Do-Or-Die Men George W. Smith,2003-08-26 The captivating real life account of the formation training and courageous fighting of the American soldiers who won everlasting glory during the World War II battle for Guadalcanal Original *War in the American Pacific and East Asia, 1941-1972* Hal M. Friedman,2019-02-22 Before 1940 the Japanese empire stood as the greatest single threat to the American presence in the Pacific and East Asia To a lesser degree the formerly hegemonic colonial powers of Britain France and the Netherlands still controlled portions of the region At the same time subjugated peoples in East Asia and Southeast Asia struggled to throw off colonialism By the late 1930s the competition exploded into armed conflict Japan looked like the early victor but the United States eventually established itself as the hegemonic power in the Pacific Basin by 1945 Yet when it comes to the American movement out into the Pacific there is more to the story that has yet to be revealed In *War in the American Pacific and East Asia 1941-1972* editor Hal Friedman brings together nine essays that explore lesser known aspects and consequences of America's military expansion into the Pacific during and after World War II This study explores how the United States won the Pacific War against Japan and how it sought to secure that victory in the decades that followed ensure it never endured another Pearl Harbor style defeat and saw the Pacific fulfill a Manifest Destiny like role as an American frontier projected toward East Asia The collection explores the role of the US military in the Pacific Basin in different ways by presenting essays on interservice rivalry and military advising as well as unique topics that are new to military history such as the investigations of strategic communications military public relations institutional cultures of elite forces foodways and the military's interaction with the press Together these essays provide a path for historians to pursue groundbreaking areas of research about the Pacific and establish the Pacific War as the pivotal point in the twentieth century in the Pacific Basin **Guadalcanal's Longest Fight** Dave R.

Holland,2025-10-30 Drawing from previously unknown and unused sources Holland paints a vivid picture of the desperate fights that broke the back of the Japanese forces ashore during that pivotal period of 1942 Holland's ground breaking account is vital to the understanding of the struggle to secure America's first major land victory in the Pacific Seth Paridon Historian Deputy Director Mississippi Armed Forces Museum The Matanikau battles proved to be the critical turning points in the land campaign for Guadalcanal the campaign's longest and bloodiest ground fight A five month conflict raged along the river and its basin The real importance of this area has long remained unrecognized yet the American and Japanese forces that fought over it knew that it was the key to the ultimate prize of Henderson Airfield In this mile long bloody tug of war from the river across to the hills and ravines were fought seven major battles and countless smaller skirmishes While countless books have been published on the Guadalcanal Campaign none have concentrated on the pivotal battles of the Matanikau basin Extensively researched this first in depth study of these important battles objectively showing all sides fills in this crucial missing piece of the history of the Guadalcanal campaign The well known Guadalcanal battlefield guide Dave

Holland spent three years walking the battlefields researching and documenting what he found His unparalleled knowledge of the ground enables him to take the reader along with the men on the ground Using his investigative skills and military background he provides a fresh detailed and often completely new view of the land campaign establishing previously unknown facts and specifically illustrating their significance as the campaign s land turning points

Oppose Any Foe

Mark Moyar,2017-04-25 The epic story of America s most elite warriors the Special Operations Forces Born as small appendages to the conventional armies of World War II the Special Operations Forces have grown into a behemoth of 70 000 troops including Navy SEALs Army Special Forces Special Operations Marines Rangers and Delta Force Weaving together their triumphs and tribulations acclaimed historian Mark Moyar introduces a colorful cast of military men brimming with exceptional talent courage and selflessness In a nation where the military is the most popular institution America s Special Operations Forces have become the most popular members of the military Through nighttime raids on enemy compounds and combat advising of resistance movements special operators have etched their names into the nation s registry of heroes Yet the public knows little of the journey that they took to reach these heights a journey that was neither easy nor glamorous Fighting an uphill battle for most of their seventy five year history the Special Operations Forces slipped on many an occasion and fell far on several Presidents from Franklin Roosevelt to Barack Obama have enthusiastically championed Special Operations Forces but their enthusiasm has often surpassed their understanding resulting in misuse or overuse of the troops Lacking clearly defined missions Special Operations Forces have had to reinvent themselves time and again to prove their value in the face of fierce critics many of them from the conventional military which from the start opposed the segregation of talent in special units Highlighting both the heroism of America s most elite soldiers and the controversies surrounding their meteoric growth Oppose Any Foe presents the first comprehensive history of these special warriors and their daring missions It is essential reading for anyone interested in America s military history and the future of warfare

Shadow Warriors Dick Camp,2013-07-14 This author recounts the origins and special training of the Raider battalions and tells exciting stories of Marines behind enemy lines in Europe Asia Africa and the Pacific P 4 of cover

Pacific

Blitzkrieg Sharon Tosi Lacey,2013-10-15 Pacific Blitzkrieg closely examines the planning preparation and execution of ground operations for five major invasions in the Central Pacific Guadalcanal Tarawa the Marshalls Saipan and Okinawa The commanders on the ground had to integrate the U S Army and Marine Corps into a single striking force something that would have been difficult in peacetime but in the midst of a great global war it was a monumental task Yet ultimate success in the Pacific rested on this crucial if somewhat strained partnership and its accomplishments Despite the thousands of works covering almost every aspect of World War II in the Pacific until now no one has examined the detailed mechanics behind this transformation at the corps and division level Sharon Tosi Lacey makes extensive use of previously untapped primary research material to re examine the development of joint ground operations the rapid transformation of tactics and

equipment and the evolution of command relationships between army and marine leadership This joint venture was the result of difficult and patient work by commanders and evolving staffs who acted upon the lessons of each engagement with remarkable speed For every brilliant strategic and operational decision of the war there were thousands of minute actions and adaptations that made such brilliance possible Lacey examines the Smith vs Smith controversy during the Saipan invasion using newly discovered primary source material Saipan was not the first time General Howlin Mad Smith had created friction Lacey reveals how Smith's blatant partisanship and inability to get along with others nearly brought the American march across the Pacific to a halt Pacific Blitzkrieg explores the combat in each invasion to show how the battles were planned how raw recruits were turned into efficient combat forces how battle doctrine was created on the fly and how every service remade itself as new and more deadly weapons continuously changed the character of the war This book will be a must read for anyone who wants to get a behind the scenes story of the victory Pacific Blitzkrieg is not only a major contribution to our understanding of the Pacific War but is also a delight to read Lacey demolishes the belief widely held among students of the Pacific War that a deep gulf lay between the Marine Corps and the Army In every respect Pacific Blitzkrieg is what one should expect from a scholarly book well researched well argued and coherent Williamson Murray coauthor of *A War to Be Won Fighting the Second World War* This is a significantly fresh approach in that it goes beyond the Army Marine controversies best exemplified by Smith versus Smith It does so by explaining their genesis in institutional and personal terms then showing how both services marginalized the controversies during the war in the interest of resolving the real problem crossing the central Pacific with minimum cost and maximum effectiveness Dennis E Showalter author of *Hitler's Panzers and Patton and Rommel Pacific Blitzkrieg* is an exceptional analysis of U S joint amphibious operations against Japan during World War II Lacey clearly demonstrates that despite the heat of the Smith versus Smith controversy during the invasion of Saipan in fact U S Army and Marine units and commanders cooperated far better than the published historical record to date suggests A must read for current and future joint force commanders and their staffs Peter R Mansoor author of *The GI Offensive in Europe The Triumph of American Infantry Divisions 1941-1945* **Edson's Raiders** Joseph H. Alexander, 2000 The story of the remarkable men of 1st Marine Raider Battalion known by the name of its founding commander the legendary jungle fighter Merritt A Red Mike Edson **American Book Publishing Record**, 2003

Guadalcanal Carl K. Hixon, 1999 A vividly rendered full account of the bloody battle for Guadalcanal follows the U S First Marine Division and combined American forces from their landing on this strategic island to their final tide turning victory six months later **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **In Many a Strife** Allan Reed Millett, 1993 This book chronicles the career of the man who helped shape the Marine Corps in the twentieth century by transforming them into a highly effective amphibious assault force and Cold War force in readiness **Bless 'em All** Oscar F. Peatross, 1995 **The Leatherneck**, 1994 **Naval History**, 2011 **Guadalcanal Marine** Kerry Lane, 2004-01-01 In

Guadalcanal Marine Kerry L Lane recounts the dark reality of combat experienced by the men of the 1st Marine Division fighting on Guadalcanal and Cape Gloucester. With eighty gripping photographs and his text he brings to life the struggles of his companions as they achieve these two astonishing victories. Lane, a sixteen year old farm boy from North Carolina, battled the Japanese and rose to heroism, powering a bulldozer to bridge Suicide Creek in the swamps on Cape Gloucester. There he led his Marine comrades to victory. Lane describes the trials of the common Marine serving in the first grueling island campaign. In vivid prose he tells of joining the service before the war and of training. Soon after the shocking news of Pearl Harbor he and his trusted comrades fight the Japanese in one of the bloodiest battles of the Pacific. In the tropics Lane and his companions suffer malaria and dysentery, endure jungle rot and oppressive heat and grapple with an enemy who fights to the death. Throughout the book Lane bares the experience of the average Marine and his historic World War II journey, revealing how one teenager became a Corps hero and ultimately finished his military career as a lieutenant colonel. Kerry L. Lane retired from the Marines and is now the owner and operator of Post Oak Farm in Spotsylvania, Virginia.

First Offensive

Henry I. Shaw (Jr.), 1992 **First Offensive: The Marine Campaign for Guadalcanal** Henry I. Shaw, 2016-07-19. In the early summer of 1942, intelligence reports of the construction of a Japanese airfield near Lunga Point on Guadalcanal in the Solomon Islands triggered a demand for offensive action in the South Pacific. The leading offensive advocate in Washington was Admiral Ernest J. King, Chief of Naval Operations (CNO). In the Pacific, his view was shared by Admiral Chester A. Nimitz, Commander in Chief, Pacific Fleet (CinCPac) who had already proposed sending the 1st Marine Raider Battalion to Tulagi, an island 20 miles north of Guadalcanal, across Sealark Channel to destroy a Japanese seaplane base there.

From Makin to Bougainville: Marine Raiders in the Pacific War Jon T. Hoffman, 2022-06-02. The work is part of a memorial series paying tribute to the heroic US Marine during World War II. Jon T. Hoffman focuses on a noble commando unit of the Marines, the Raiders, and the brave deeds performed by them in the Pacific. It's an enlightening and exciting narrative of the Marine Raiders, relatively concise in nature, a story of a small group of Marines ahead of their time. The work also candidly looks at some of the early marine operations that were not that celebrated. With adequate details, this report maintains the reader's interest and keeps one wanting to know more. The author has also included useful maps and pictures at critical points in the story. With ample historical references on specific units and actions, it's a great general reference to the history of the Marine Raiders. The author of this work, Jon Hoffman, retired as a colonel from the Marine Corps Reserve in 2008 after thirty years as an infantry officer and field historian, including seventeen years of active duty.
