Dolphin Within Olivia De Bergerac, 1999-11 **Dolphin Frequencies - Freedom from Energy Vampires** Olivia de Bergerac PhD, 2021-07-20 In this book Olivia documents twenty two case studies of her clients going through transformation while experiencing Dolphin Frequencies Dolphin s Frequencies induce in humans a meditative state based on very slow brain waves called Theta which open the door to the unconscious Humans may discover a soul scar a very emotional traumas that get healed Humans sometimes discover an energy vampire a parasite or a cord with another person that drains their life forces that can cleared Through the Dolphins Frequencies and Olivia coaching work clients are freer happier healthier and lean the seven secret of longevity **The Sacred Path Beyond Trauma** Ellen Macfarland, Ph.D., 2008-06-03 One of Graham Greene s characters famously said I suffer therefore I am suggesting that pain is an inescapable and perhaps incurable part of the human condition But must this be so Ellen Macfarland argues otherwise in The Sacred Beyond Trauma Through the use of mythology stories from film and fiction real life examples and her personal history Macfarland shows that healing trauma is indeed possible using rich resources near at hand in nature The book explores major symbols of healing nature that can provide an impetus for personal transformation One of the case studies profiles Monty Roberts a well known horse trainer who overcame significant childhood abuse by working with horses and eventually fostering some forty children alongside his own biological family The key says Macfarland is using these and other natural symbols such as yin yang to balance the tension between trauma and numinosity sacredness transcendence resulting in the creation of a new way of being in the world Understanding this and the book s other nature based symbols can turn the distressed mind into a fertile field of spiritual awareness empowerment and lifelong growth **A Coat of Many Colours** Sunder Das, 2001-08-26 This book has been named A Coat Of Many Colours because it represents different facets of the existence of man The articles in it are complimentary to each other An attempt has been made here to make a comparative study of various belief systems and ways of life The Yogic System and Christianity are not disparate disciplines as the reader will realize Introversion and Extraversion are not personality dimensions but they could also denote cultural attributes which could explain why Eastern and Western cultures developed differentially as they have done The holistic development of the human being is the author s main concern and these essays are meant to fulfill that aspiration The concept of love weaves a thread through the whole book An attempt has been made to define what holistic love is all about Even in the humorous essays there is a serious existential element If the book can fire enthusiasm in the reader it would have fulfilled its purpose **Dolphins, Doctors of Our Soul** Olivia de Bergerac PhD, 2021-05-24 When you swim with Dolphins in the wild they uplift your spirit heal you in ways you had never thought possible and leave a lasting impression on you that you will treasure forever In this book Olivia recounts her personal and professional adventure in Australia with the Dolphins She describes the different methods she has used to study what she calls the Dolphin Within that uplifting effect wild Dolphins have on humans As a Neuroscientist she

studied human brainwaves but also human heart rhythm before and after Dolphins encounters She has found scientific evidences of and possible explanations for changes in human mind body and spirit after such experiences Reaching your Dolphin Within could free yourself of fears phobias addictions grief depression and more Could the Dolphins be Doctors of our Soul Could the Dolphins show us a way to speed up our evolution and live in a world of peace love and respect for the planet

Before We Leave You Patricia Cori,2011-04-26 What if whales and dolphins truly do have a superior intellect as many believe and can speak to the human race What would their message be In November 2008 gifted clairvoyant Patricia Cori was in Jordan teaching a workshop when a life changing event occurred A community of Cetaceans a choir of whales and dolphins as she describes it interrupted her talk with a frantic plea for help Cori was suddenly witness to a devastating scene of suffering a communal grieving of scores of whales and dolphins frenzied lost and dying This was the first of several terrifying calls for help all of which were immediately followed by mass suicide events as these majestic creatures collectively chose to leave us and our planet These troubling incidents evolved into the stream of messages for humanity that Cori reveals in this extremely timely work The whales and dolphins present their deep understanding of our urgent global situation calling for the human race to restore balance to our ecosystems especially our dying oceans For the first time we read the communications of the Cetaceans and their story of devotion and celebration of life on the Great Planet Earth We are also given a glimpse of their role in the unfolding of galactic events throughout our solar system and the message is clear We must wake up and realize that our continued abuse of the environment is altering the course of Gaia s progression to the next dimension Without the whale and dolphin song without these musicians who hold the oceans in balance we risk our advancement through the ascension process for which our entire solar system is destined Before We Leave You is a roadmap to that higher future and a
