Raven G. A. Henty,2015-06-09 In a time of chaos and Viking onslaught Alfred the untested Saxon king must fight to save his

ravished land The tale unfurls through the eyes of a young thane Edmond who becomes Alfred s friend and mightiest warrior

When Danes over run the land and the Saxons capitulate this young knight trains and leads a devoted corps of pike men to

recapture the kingdom The Dragon and the Raven George Alfred Henty,2020-05-02 A low hut built of turf roughly

thatched with rushes and standing on the highest spot of some slightly raised ground It was surrounded by a tangled growth

of bushes and low trees through which a narrow and winding path gave admission to the narrow space on which the hut

stood The ground sloped rapidly Twenty yards from the house the trees ceased and a rank vegetation of reeds and rushes

took the place of the bushes and the ground became soft and swampy A little further pools of stagnant water appeared

among the rushes and the path abruptly stopped at the edge of a stagnant swamp though the passage could be followed by

the eye for some distance among the tall rushes The hut in fact stood on a hummock in the midst of a wide swamp where the

water sometimes deepened into lakes connected by sluggish streams On the open spaces of water herons stalked near the

margin and great flocks of wild fowl dotted the surface Other signs of life there were none although a sharp eye might have

detected light threads of smoke curling up here and there from spots where the ground rose somewhat above the general

level These slight elevations however were not visible to the eye for the herbage here grew shorter than on the lower and

wetter ground and the land apparently stretched away for a vast distance in a dead flat a rush covered swamp broken only

here and there by patches of bushes and low trees The little hut was situated in the very heart of the fen country now drained

and cultivated but in the year 870 untouched by the hand of man the haunt of wild fowl and human fugitives At the door of the hut stood a lad some fourteen years old His only garment was a short sleeveless tunic girded in at the waist his arms and legs were bare his head was uncovered and his hair fell in masses on his shoulders In his hand he held a short spear and leaning against the wall of the hut close at hand was a bow and quiver of arrows The lad looked at the sun which was sinking towards the horizon

*The Dragon and the Raven* G. A. Henty, 2014-02-18 MY DEAR LADS Living in the present days of peace and tranquillity it is difficult to picture the life of our ancestors in the days of King Alfred when the whole country was for years overrun by hordes of pagan barbarians who slaughtered plundered and destroyed at will You may gain perhaps a fair conception of the state of things if you imagine that at the time of the great mutiny the English population of India approached that of the natives and that the mutiny was everywhere triumphant The wholesale massacres and outrages which would in such a case have been inflicted upon the conquered whites could be no worse than those suffered by the Saxons at the hands of the Danes From this terrible state of subjection and suffering the Saxons were rescued by the prudence the patience the valour and wisdom of King Alfred In all subsequent ages England has produced no single man who united in himself so many great qualities as did this first of great Englishmen He was learned wise brave prudent and pious devoted to his people clement to his conquered enemies He was as great in peace as in war and yet few English boys know more than a faint outline of the events of Alfred's reign events which have exercised an influence upon the whole future of the English people School histories pass briefly over them and the incident of the burned cake is that which is of all the actions of a great and glorious reign the most prominent in boys minds In this story I have tried to supply the deficiency Fortunately in the Saxon Chronicles and in the life of King Alfred written by his friend and counsellor Asser we have a trustworthy account of the events and battles which first laid Wessex prostrate beneath the foot of the Danes and finally freed England for many years from the invaders These histories I have faithfully followed The account of the siege of Paris is taken from a very full and detailed history of that event by the Abbe D Abbon who was a witness of the scenes he described Yours sincerely G A HENTY

**The Days of King Alfred** G. A. Henty,2010-12-01 The Saxons and Danes fight for power in England The sea wolves tore England apart with their cutthroat tactics Our hero fights in the battles with King Alfred He flees by sea and resists the Danes He is later present at the battles in Paris In this story the author gives an account of the fierce struggle between Saxon and Dane for supremacy in England and presents a vivid picture of the misery and ruin to which the country was reduced by the ravages of the sea wolves The hero a young Saxon thane takes part in all the battles fought by King Alfred He is driven from his home takes to the sea and resists the Danes on their own element and being pursued by them up the Seine is present at the long and desperate siege of Paris Perhaps the best story of the early days of England which has yet been told
