*The Interpretation of Dreams* Artemidorus, 2020 Artemidorus The Interpretation of Dreams Oneirocritica is the richest and most vivid pre Freudian account of dream interpretation and the only dream book to have survived complete from Graeco Roman times Written in Greek around AD 200 when dreams were believed by many to offer insight into future events the work is a compendium of interpretations of dreams on a wide range of subjects relating to the natural human and divine worlds It includes the meanings of dreams about the body sex eating and drinking dress the weather animals the gods and much else Artemidorus technique of dream interpretation stresses the need to know the background of the dreamer such as occupation health status habits and age and the work is a fascinating social history revealing much about ancient life culture and beliefs and attitudes to the dominant power of Imperial Rome

**A Byzantine Book on Dream Interpretation** Maria V. Mavroudi, 2021-10-25 This volume discusses the so called Oneirocriticon of Achmet the most important Byzantine work on dream interpretation which was written in Greek in the 10th century and has greatly influenced subsequent dreambooks in Byzantine Greek Medieval Latin and modern European languages By comparing the Oneirocriticon with the 2nd century A D dreambook of Artemidoros translated into Arabic in the 9th century and five medieval Arabic dreambooks this study demonstrates that the Oneirocriticon is a Christian Greek adaption of Islamic Arabic material and that the similarities between it and Artemidoros are due to the influence of Artemidoros on the Arabic sources of the Byzantine work The Oneirocriticon s textual tradition its language the identities of its author and patron and its position among other Byzantine translations from Arabic into Greek are also investigated The United States Catalog: Books in Print January 1, 1912
