writers are not great marketers but that does not mean they can't follow a plan, add their own personality and enjoy reaching more people with their words. By the way, telling your story is the essence of marketing and introducing people to something that will improve their lives is the essence of sales. What if I already released my book? There's a big difference between a release and a launch. The good news is you can launch or re-launch your book any time. **Your Epic Book Launch** Rory Carruthers, Trevor Crane, Jason P. Have You Ever Dreamed of Writing and Publishing Your Own Book? Do You Wish You Could Build A New Business or Grow Your Current One? Your Book will Open More Doors, Get You Past the Gate Keepers and Help You Close More Deals. And The Best Way to Make it a Reality is with an EPIC BOOK LAUNCH. You've heard it time and time again: You've got a book in you. It's like a mantra among authors, experts and speakers. They tell you to just get your book out to the world and everything will change. For a small few, it does, but the majority of people have books collecting digital dust in Amazon. And they definitely don't have books hitting best seller lists or on shelves in book stores. What gets lost in the process of getting a book written is that you need a reason and a purpose that is more than just a book. You need a strategy that doesn't leave you thinking "What's Next?" You need a plan that gets your book out to the world, gets you leads and builds a 6 to 7 figure business around your book. What you need is your very own EPIC Book Launch. **Book Launch Success Formula** Jonathan S. Walker, 2020-07-15.
