## **The Dark Defile Britains Catastrophic Invasion Of Afghanistan 1838 1842:**

The Dark Defile Diana Preston,2012-02-14 An account of the mid 19th century war in Afghanistan documents how the British government sought to protect regional interests by attempting to install a puppet ruler only to be defeated by united Afghanistan tribes in a volume that profiles key contributors and discusses how the war set the stage for subsequent hostilities

*First Class Passengers on a Sinking Ship* Richard Lachmann,2020-01-14 A history of why great powers decline from Spain to the United States The extent and irreversibility of US decline is becoming ever more obvious as America loses war after war and as one industry after another loses its technological edge Lachmann explains why the United States will not be able to sustain its global dominance and contrasts America s relatively brief period of hegemony with the Netherlands similarly short primacy and Britain s far longer era of leadership Decline in all those cases was not inevitable and did not respond to global capitalist cycles Rather decline is the product of elites success in grabbing control over resources and governmental powers Not only are ordinary people harmed but also capitalists become increasingly unable to coordinate their interests and adopt policies and make investments necessary to counter economic and geopolitical competitors elsewhere in the world Conflicts among elites and challenges by non elites determine the timing and mold the contours of decline Lachmann traces the transformation of US politics from an era of elite consensus to present day paralysis combined with neoliberal plunder explains the paradox of an American military with an unprecedented technological edge unable to subdue even the weakest enemies and the consequences of finance s cannibalization of the US economy

**A Higher Form of Killing** Diana Preston, 2015-02-24 In six weeks during April and May 1915 as World War I escalated Germany forever altered the way war would be fought On April 22 at Ypres German canisters spewed poison gas at French and Canadian soldiers in their trenches on May 7 the German submarine U 20 without warning torpedoed the passenger liner Lusitania killing 1 198 civilians and on May 31 a German Zeppelin began the first aerial bombardment of London and its inhabitants Each of these actions violated rules of war carefully agreed at the Hague Conventions of 1898 and 1907 Though Germany's attempts to quickly win the war failed the psychological damage caused by these attacks far outweighed the casualties The era of weapons of mass destruction had dawned While each of these momentous events has been chronicled in histories of the war celebrated historian Diana Preston links them for the first time revealing the dramatic stories behind each through the eyes of those who were there whether making the decisions or experiencing their effect She places the attacks in the context of the centuries old debate over what constitutes just war and shows how in their aftermath the other combatants felt the necessity to develop extreme weapons of their own In our current time of terror when weapons of mass destruction imagined or real are once again vilified the story of their birth is of great relevance

### **Blood and Blunders**

Jennifer M. T. Carter, 2025-06-26 Blood and Blunders tells the story of how ignorance arrogance and greed destroyed the flower of a generation long before the tragedy of World War One The Honourable East India Company the London based trading company founded in 1600 could hardly have foreseen its remarkable success as it moved inexorably from commerce to conquest laying the foundations of Britain's Indian Empire almost by accident And as everyone knows the more you have the more you must do to keep it By the 1830s a buffer was deemed necessary to counter Russia's advance into Central Asia and prevent a move on British India from beyond the River Oxus That buffer was Afghanistan The British incursion at the end of 1838 replaced one Afghan ruler with another and has been termed The First Anglo Afghan War in effect it was little more than a shambles Mismanaged and muddled diplomacy ensured the failure of what proved a totally dysfunctional campaign Senior officers of the Royal army who last saw action with Wellington in 1815 commanded the so called Army of the Indus unable to adapt to local conditions as well as to each other their petty jealousies and distrust of the local Company forces serving with them mar a bigger picture where individual feats of courage burn like beacons against the gloom of administrative incompetence Blood and Blunders gives a full picture of the Afghan experience at a time when the machinery of government called for unquestioning sacrifices from its operatives and by extension from their womenfolk and families some of whom were present with the army Throughout tragedy and comedy march side by side and high politics as practised in London Kabul and Calcutta lacks empathy for the Afghan people and is never far from farce Finally Blood and Blunders throws fresh light on the disastrous Retreat from Kabul in January 1842 at the height of winter and asks what is and what is

Bligh had reached only months before In this meticulously researched dual narrative of survival acclaimed historian Diana Preston provides the background and context to explain the thrilling open boat voyages each party survived and the Pacific Island nations each encountered on their journey to safety Through this deep dive readers come to understand the Pacific Islands as they were and as they were perceived and how these seemingly utopian lands became a place where mutineers convicts and eventually the natives themselves were chained     [The Afghan War, 1838-1842](#) Charles Rathbone

ABBOTT, Charles Rathbone LOW, 1879     *On Afghanistan's Plains* Jules Stewart, 2011 Britain's military involvement in Afghanistan is a contentious subject yet it is often forgotten that the current conflict is in fact the fourth in a string of such wars dating back as far as the early nineteenth century. Aiming to protect the British territories in India from the expanding Russian empire the British fought a series of conflicts on Afghan territory between 1838 and 1919. The Anglo Afghan wars of the 19th and early 20th centuries were ill conceived and led to some of the worst military disasters ever sustained by British forces in this part of the world with poor strategy in
