The Darwin Elevator Dire Earth Cycle:

The Darwin Elevator Jason M. Hough, 2013-07-30 NEW YORK TIMES BESTSELLER Jason M Hough's pulse pounding debut combines the drama swagger and vivid characters of Joss Whedon's Firefly with the talent of sci fi author John Scalzi. In the mid 23rd century Darwin Australia stands as the last human city on Earth. The world has succumbed to an alien plague with most of the population transformed into mindless savage creatures. The planet's refugees flock to Darwin where a space elevator created by the architects of this apocalypse the Builders emits a plague suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow immunes he leads missions into the dangerous wasteland beyond the aura's edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts to malfunction Skyler is tapped along with the brilliant scientist Dr Tania Sharma to solve the mystery of the failing alien technology and save the ragged remnants of humanity. Hough's first three novels, *The Darwin Elevator*, *The Exodus Towers* and *The Plague Forge*, earned mountains of praise and comparisons to such authors as James S.A. Corey and John Scalzi. Now Hough returns with a riveting near-future spy thriller that combines the adrenaline of a high-octane James Bond adventure with mind-blowing sci-fi speculations worthy of Christopher Nolan's *Inception*. A spaceship that vanished years ago has been found, along with the bodies of its murdered crew, save one. Peter's mission is to find the missing crew member who fled through what appears to be a tear in the fabric of space. Beyond this mysterious doorway lies an even more confounding reality: a world that seems to be Earth's twin. Peter discovers that this mirrored world is indeed different from his home and far more dangerous. Cut off from all support and with only days to complete his operation, Peter must track his quarry alone on an alien world. But he's unprepared for what awaits on the planet's surface, where his skills will be put to the ultimate test and everything he knows about the universe will be challenged in ways he never could have imagined.
