After the Death of a Child Ann K. Finkbeiner, 2012-12-11 For a parent losing a child is the most devastating event that can occur. Most books on the subject focus on grieving and recovery, but as most parents agree, there is no recovery from such a loss. This book examines the continued love parents feel for their child and the many poignant and ingenious ways they devise to preserve the bond. Through detailed profiles of parents, Ann Finkbeiner shows how new activities and changed relationships with their spouse, friends, and other children can all help parents preserve a bond with the lost child. Based on extensive interviews and grief research, Finkbeiner explains how parents have changed five to twenty-five years after the deaths of their children. The first half of the book discusses the short and long term effects of the child's death on the parent's relationships with the outside world, that is, with their spouses, other children, friends, and relatives. The second half of the book details the effect on the parents' internal world, their continuing sense of guilt, their need to place the death in some larger context, and their inability, sometimes, to consistently do so. Their new set of priorities, the nature of their bond with the lost child, and the subtle and creative ways they have of continuing that bond. Finkbeiner's central point is not so much how parents grieve for their children, but how they love them. Refusing to fall back on pop jargon about recovery or to offer easy solutions or standardized timelines, Finkbeiner's is a genuine and moving search to come to terms with loss. Her complex profiles of parents resonate with the honesty and authenticity of uncomfortable emotions expressed and most importantly, shared with others experiencing a similar loss. Finally, each profile exemplifies the many heroic ways parents learn to live with their pain and by so doing, honor the lives their children should have lived.

Supporting Dying Children and their Families Paul Nash, 2011-01-20 This practical guide offers invaluable and sensitive advice for all who work alongside terminally ill children, their families, and families who have been bereaved. Paul Nash helpfully describes the different types of care that are needed, depending on the age of the child, from baby to teenager, and on the particular needs of the child's family. He also provides resources to help with remembering and celebrating the life of a child, including rituals that can be used in preparation for death, at the time of death, and at funeral or memorial services.

The Death of a Parent Delle Chatman, William Kenneally, 2001 Adult children often need to do much more than make the funeral arrangements when a parent dies. The death of a parent can be a major life-changing event for the adult child. *The Death of a Parent* is filled with stories of people who have lost a parent and how they dealt with the reality of that event. Eighteen stories, divided into eight sections, touch on a wide range of emotions and situations related to grief, loss, and moving on with one's life in a healthy manner. A spiritual reflection concludes each of the sections.

Buckle,Stephen J. Fleming,2011-01-19 The death of a child has a tremendous and overwhelming impact on parents and siblings completely altering the psychological landscape of the family In the aftermath of such a tragedy parents face the challenge of not only dealing with their own grief but also that of their surviving children

How can someone attempt to cease parenting a deceased child while maintaining this role with his/her other children? Is it possible for a mother or father to effectively deal with feelings of grief and loss while simultaneously helping their surviving children? Parenting After the Death of a Child: A Practitioner's Guide addresses this complex and daunting dilemma. Following on the heels of a qualitative research study that involved interviewing bereaved parents, both fathers and mothers, Buckle and Fleming have put together several different stories of loss and recovery to create an invaluable resource for clinicians, students, and grieving parents. The authors present the experience of losing a child and its subsequent impact on a family in a novel and effective way, demonstrating the strength and importance of their book for the counseling field.

How to Survive the Loss of a Child Catherine Sanders, 1998-03-18

Thank you, Catherine Sanders, for giving us a book that few others could have written. Every page speaks both the depth of your compassion and the breadth of your knowledge. This book will be a wise companion on the difficult journey from loss to recovery.

Robert Kastenbaum, PhD, author of *The Psychology of Death*: *How to Survive the Loss of a Child* is a godsend to those in the field as well as to those of us in need of such a resource for our own mourning.

Eugene Knott, PhD, University of Rhode Island: Dr. Sanders' insights are profound and poignant.

Patricia Geiger, MD, pediatrician, Boone, North Carolina: Thank you so much for all that you do for bereaved parents, but especially for writing *How to Survive the Loss of a Child*. I know that it has changed lives. It changed mine.

Nancy Ulmer, bereaved parent, Kindermourn, Charlotte, North Carolina: It is only through experiencing grief that bereaved parents ultimately heal. Moving through the phases of grief, the bereaved person works toward restoration. Understanding these phases, knowing what to expect and learning what they can do to help themselves, give parents greater assurance and comfort.

In *How to Survive the Loss of a Child*, Dr. Sanders, a bereaved parent herself, offers grieving parents practical help and emotional support. This book also helps family members, friends, and caregivers relate to grieving parents and aids them too in understanding the process of healing through grief.

The Unspeakable Loss Nisha Zenoff, 2017-11-07

A guide to hope and healing after the death of a child from a grief counselor and psychotherapist who has been there. Nisha Zenoff lost her son in a tragic accident when he was just seventeen years old. Now, with decades of experience as a grief counselor and psychotherapist, she offers support and guidance from her own journey and from others who have experienced the death of a child. *The Unspeakable Loss* helps those who mourn to face the urgent questions that accompany loss: Will my tears ever stop? Who am I now without my child? How can I help my other children cope? I lost my only child, how do I live? Will my marriage survive? Will life ever feel worth living again? No matter where you are in your grieving process, *The Unspeakable Loss* provides a space to mourn in your own way and helps you understand how the death of a child affects siblings, other family members, and friends, recognizing that we each grieve differently. And while there is no one prescription for healing, Zenoff provides tools to practice the important aspects of grieving that are easily forgotten: self-compassion and self-care. *The Unspeakable Loss* doesn't flinch from the reality or pain

caused by the death of a child yet ultimately it is a book about the choice to embrace life love and joy again As Zenoff writes in the Preface Our relationships with our children do not end with their deaths Our relationships change they re transformed but our children will always be with us **Just My Reflection-** Sister Frances Dominica,1997 **When Your Child Dies** Theresa Huntley,2001 No parent wants to face the loss of a child Drawing on her experience as a counselor Huntley addresses the magnitude of this loss and its immediate and future impact She also discusses the difficult task of mourning different ways of grieving and how a child s death can affect parents other relationships **Parents' Grief** Clifford Denay,2018-01-15 This book is for every parent who has ever lost a child We have joined a legion of broken hearted men and women around the world who have suffered the death of a son daughter Our worst fear has been realized We wonder where to turn for help I hope this book becomes a valuable resource for you Grieving the death of our child ren will be a lifelong journey Complete healing is unlikely but we can ease some of our pain by reaching out to others who have suffered this loss before us We can learn what helped them survive This journey will not be easy but I hope these words become helpful companions This book was born from my own loss the death of my twenty seven year old son Nathaniel and his friend Nick Lightfoot in a boating accident on Little Traverse Bay in Lake Michigan on April 25 2010 On a beautiful Sunday afternoon two young vibrant men were suddenly gone Life as I had known it ceased to exist I was thrown into a world of chaos and grief unlike anything I had ever experienced I was a traveler in a foreign land without familiar landmarks Fortunately family and friends reached out to me and kept me from sinking into oblivion And they encouraged me to reach back to them You can do the same You are not alone Other grieving parents can walk beside you They will show you the way if you let them Each meditation addresses concerns helpful to the healing process and our relationships with our partners Be patient Do not blame each other Be tolerant of angry outbursts they are normal Be gentle kind and practice endless forgiveness May these meditations instill hope in your heart and ease your suffering *Healing the Adult Child's Grieving Heart* Alan D. Wolfelt,2002-09-01 Offering heartfelt and simple advice this book provides realistic suggestions and relief for an adult child whose parent has died Practical advice is presented in a one topic per page format that does not overwhelm with psychological language but provides small immediate ways to understand and reconcile grief Some of the action oriented tips include writing down memories completing a task or goal left unfinished by your deceased parent or honoring the parent s birthday In addition the common challenges that face grieving adult children such as helping the surviving parent resolving sibling conflicts and legal and financial issues are addressed clearly and concisely
