## **The Decades Of Life A Guide To Human Development:**

The Decades of Life Donald Capps,2008-08-15 In groundbreaking fashion Donald Capps builds on Erik Erikson's work on the eight stages of life by focusing on the decades of life. This important modification allows developmental theory to be applied to the way people discuss life stages in ten year periods. Capps integrates the insights of psychology with those of pastoral care to show pastors and students how the decades of life help us all to understand the journey of life. *Disability Across the Developmental Lifespan, Second Edition* Julie Smart,2019-12-01 This is the only text to examine the experience of disability in relation to theories of human growth and development. The text delivers practice guidelines for each of the conventional life stages and describes the developmental tasks of individuals with disabilities. IWDs.
