## **The DeLorean Story The Car The People The Scandal:**

**The DeLorean Story** Nick Sutton, 2013-03-01 This is the inside story of the DeLorean saga written by a senior manager who worked with the company from beginning to end and saw it all. The short life of the DeLorean DMC 12 sports car, a vision of the future with its gullwing doors and stainless steel body, began after John DeLorean secured financial backing from the British government for his car-making venture in Northern Ireland. Four years and nearly 9 000 cars later, the company went bust and DeLorean faced questions about fraud against the British taxpayer and his big ally Colin Chapman of Lotus also drew scrutiny. As an insider's account, this book contains a great deal of new information about the DeLorean scandal.

**DeLorean** Matt Stone, 2024-09-17 DeLorean recounts auto industry titan John Z DeLorean's story from General Motors executive to the 1975 founding of DeLorean Motor Company to its 1982 bankruptcy and the DeLorean car's subsequent rebirth as pop culture star in 1985's film *Back to the Future* as well as efforts to relaunch the brand in the 21st century.

**Hawthorn** Bill Vaughn, 2015-05-26 One of humankind's oldest companions, the hawthorn tree is bound up in the memories of every recorded age and the plot lines of cultures all across the Northern Hemisphere. Hawthorn examines the little recognized political, cultural, and natural history of this ancient, spiky plant. Used for thousands of years in the impenetrable living fences that defined the landscapes of Europe, the hawthorn eventually helped feed the class antagonism that led to widespread social upheaval. In the American Midwest, hawthorn inspired hedges on the prairies made nineteenth-century farming economically rewarding for the first time. Later in Normandy, mazelike hedgerows bristling with these thorns nearly cost the Allies World War II. Bill Vaughn shines light on the full scope of the tree's influence over human events. He also explores medicinal uses of the hawthorn, the use of its fruit in the world's first wine, and the symbolic role its spikes and flowers played in pagan beliefs and Christian iconography. As entertaining as it is illuminating, this book is the first full appreciation of the hawthorn's abundant connections with humanity.

**Space for Peace** Richard Howard, 2021-02-01 Science fiction might not be the first thing that springs to mind when we think of Irish literature. But in the post-war period in Belfast, two authors, Bob Shaw and James White, began producing science fiction stories, eventually selling them to international markets and gaining the respect of luminaries such as Arthur C. Clarke, Brian Aldiss, and Stanley Kubrick. Although lauded in the international science fiction scene for their innovations in the genre, Shaw and White's work has been relatively ignored within Irish Studies. This book connects the emergence of science fiction in Belfast with the position of the city as the locus of technological development on the island of Ireland and the development of a corresponding technological imaginary. Breaking new ground in the study of Irish modernity, Richard Howard draws parallels between the narratives of Shaw and White and the persistent influence of historical narratives embodied by the two traditions paradigm in the region, as well as exploring the figure of the alien both in science fiction and in the history of Northern Ireland. He also considers the works of Shaw and White as utopian gestures against the backdrop of the Irish Troubles, finding both repressive and

redemptive elements therein The book makes an important contribution to the growing conversation about Irish science fiction and our understanding of modernity in Ireland    **The Devil's Suitcase** Bobby Rakhit,2025-03-27 The sales industry is evolving are you Whether you realize it or not we re all salespeople constantly selling ourselves our ideas and our value In this game changing guide Bobby Rakhit blends ancient Stoic wisdom with modern sales techniques to help you redefine success You ll learn how to Sell yourself not just a product Build a personal brand that resonates and earns trust Harness the Devil s Suitcase Use ambition empathy and tech to fuel your career Lead with confidence Tackle challenges and stand out as a sales leader This isn t just a sales book it s a blueprint for personal and professional growth Whether you re a pro or just starting out Rakhit s insights will inspire you to break free from limitations and seize new opportunities Ready to transform your sales game Join Bobby Rakhit and step into the spotlight your success starts now Bobby Rakhit is your Chief Everything Officer a finance wizard with a CFA charter and an MBA from McGill University He launched Rakhit Capital after a successful career leading sales teams across the Middle East Asia and Africa bringing a unique flair to the world of finance An early sales prodigy Bobby sold his bike for more than he bought it for at just 11 years old and has since shared his insights on CNBC and Bloomberg TV Now he s here to inspire you with his journey and help you unlock your own sales potential
