**The Demise of Dogius** Doug Moody,2012 The Demise of Dogius is a saga of wasted abilities from the fertile mind of the renowned raconteur Doug Moody We are transported back to Roman times where the glory of life is played out in The Arena The Senate will only entertain winners who bring in the heads of barbarians along with looted bounty Although born with great ability poor Dogius has never been gifted with the opportunity to shine in The Arena The Spectres tell him he must be patient and wait for his time to come but as he enters the autumn of his life time is running out Once fertile ideas now rot within his cranium Is Dogius destined to go to his grave a failure or will fortune finally smile on him
