## **The Divided Church Moving Liberals Conservatives From Diatribe To Dialogue:**

*The Divided Church* Richard G. Hutcheson, Peggy L. Shriver, 1999 Richard Hutcheson and Peggy Shriver's research and interviews with a wide range of denominational and Christian leaders inform a dialogue over the state of the church today and offer hope for cooperation in Christian circles    *The Dispensational-Covenantal Rift* R. Todd Mangum, 2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it. Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them. This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies. The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches. And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards. Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day. Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques. Why has this development gone almost unnoticed? This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today

## **Evangelical Versus Liturgical?**

Melanie Ross, 2014-07-02 In this book Melanie Ross presents a current description of evangelical worship bringing together liturgical scholarship and theological scholarship on American evangelicalism. She draws on historical analysis, systematic theology and the worship life of two vibrant congregations to argue that the common ground shared by evangelical and liturgical churches is much more important than the differences that divide them. From publisher's description    *Jesus Was a Liberal* Scotty McLennan, 2009-05-12 For the millions of people who identify as liberal Christians. In McLennan's bold call to reclaim ownership of Christianity he advocates a sense of religion based not on doctrinal readings of scripture but on the humanity behind Christ's teachings. He addresses such topics as intelligent design, abortion, same sex marriage, war, torture and much, much more. As he says in the Preface We liberal Christians know in our hearts that there is much more to life than seems to meet the rational eye of atheists yet we find it hard to support supernatural claims about religion that fly in the face of scientific evidence    *The Remnant Spirit* Douglas E. Cowan, 2003-11-30 Over the past few decades mainline Protestant denominations in North America have been experiencing a significant decline in membership, active participation and financial contributions. In the midst of this decline these denominations have been caught up in a variety of controversial

religious ecclesiastical and social issues a shift from neo orthodox to liberal theology the advent of inclusive liturgical and biblical language denominational support for often controversial social issues and heated debates around human sexuality particularly the place of homosexuals in the church To address these issues and concerns and to recapture the traditionalism many feel their churches have abandoned the remnant faithful those who choose to stay in their churches have formed a number of reform and renewal movements Cowan examines these emergent social movements providing anecdotal and lively examples of their activities their arguments their identities and their approaches to strengthening their churches Rather than leave denominations which they regard as increasingly hostile to theological and ecclesiastical traditionalism many mainline Protestants have chosen to stay and fight for their churches forming reform and renewal movements intended to address hot button issues in the way their churches function and practice These conservative reform movements however are often vilified by their more liberal co religionists and not infrequently regarded as theologically immature doctrinally stagnant and ecclesiastically belligerent The Remnant Spirit demonstrates that these are simplistic and reductivist analyses that only serve to avoid the very issues around which reform movements emerge and evolve The author provides an in depth examination of four major North American denominations and the various conservative reform and renewal movements taking place in each while acknowledging that every mainline Protestant Church in the U S and Canada is contending with similar issues and addressing them in similar fashions Here the voices of the remnant faithful those that contribute to denominational discussions as they are experienced by ordinary church members and leaders alike are presented and discussed in a thoughtful and lively manner

Godviews Jack Haberer,John Haberer,2001-01-01 GodViews is a provocative and insightful look at the divisions within the church The author is a notable conservative Presbyterian whose thinking and writing style has many fans on the liberal end as well Here Jack Haberer discusses five different concerns of Christians preservation of truth promotion of intimacy with God unity in the church caring for victims and welcoming the marginalized
