## **The Doctrine Of God A Theology Of Lordship:**

**The Doctrine of God** John M Frame, 2010-01-21 In this award winning volume theologian John Frame examines the attributes and names of God in connection with a full spectrum of relevant theological and ethical truths Provided by publisher The Doctrine of the Word of God John M. Frame, 2010 John Frame's A Theology of Lordship series has been greeted with acclaim The Doctrine of God receiving an ECPA Gold Medallion Award This fourth and final volume in the series discusses God's word in modern theology and how God's word comes to us as his controlling power meaningful authority and personal presence Dr Frame says that God's speech to man is real like one person speaking to another God speaks so that we can understand him and respond appropriately Appropriate responses are of many kinds belief obedience affection repentance laughter pain sadness and so on God's speech is often propositional God's conveying information to us But it is far more than that It includes all the features functions beauty and richness of language that we see in human communication and more So the concept I wish to defend is broader than the propositional revelation that we argued so ardently forty years ago though propositional revelation is part of it My thesis is that God's word in all its qualities and aspects is a personal communication from him to us Book jacket

**The Doctrine of the Knowledge of God** John M Frame, 2026-01-21 John Frame explores our knowledge of God as central to all understanding connecting theology with life through a practical Scripture based approach to what we know why we believe and how we learn Provided by publisher

**The Lord is the Spirit** Andrew K Gabriel, 2012-05-31 The Lord is the Spirit 2 Cor 3 17 and yet one might be excused for thinking otherwise when reading studies on God's attributes omnipotence omniscience omnipresence immutability impassibility and the like Although Christians throughout the ages have defended the deity of the Holy Spirit theologians have not adequately taken the doctrine of the Holy Spirit into account when formulating a theology of the divine attributes The resulting understandings of God fall short of being fully Trinitarian Gabriel builds on contemporary Trinitarian theology by advocating for the integration of insights from pneumatology into the doctrine of God's attributes Three case studies are presented impassibility immutability and omnipotence Gabriel writes from an evangelical and Pentecostal vantage point as he engages in ecumenical dialogue with a wide spectrum of historical and contemporary theological voices Heart of the Living God Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is God's gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic

foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process That's the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at [www.PreciousHeart.net](http://www.PreciousHeart.net) The Trinity and the Kingdom Jürgen Moltmann, 1993-09-01 An excellent introduction to the prophets and the prophetic literature The goal of the book is to understand the thought of the prophets in their historical contexts and to communicate that understanding for our time Its approach while innovative builds upon the best of contemporary analysis of the prophetic literature Gene M Tucker Candler School of Theology Emory University Koch's first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a bibliographical gap He displays the individuality of each prophet with perceptive insight but he also compares and interrelates them in his various summaries Furthermore Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades Bernhard W Anderson Princeton Theological Seminary *The Christian Doctrine of God* Thomas Forsyth Torrance, 1996-01-01 The Trinity is grounded upon God's historical self revelation in Jesus Christ It is presented in this work as teaching which is implicit in the New Testament revelation and in the worship of the Early Church rather than as a logical derivation from other aspects of Christian doctrine Adopting an holistic approach Professor Torrance explains the inter relatedness of the three Persons Father Son the Holy Spirit and their dynamic Communion in the Triune Being and Nature of God Combining immense academic range with new theological perspectives Professor Torrance expounds in a rigorous way the basic teaching of the ancient Catholic Church and builds a significant bridge between ancient and modern Catholic and Evangelical theology A Theology for the Church Daniel L. Akin, 2007 Leading Baptist and evangelical thinkers examine eight key Christian doctrines shaping a church theology that is both biblically sound and relevant today *A Theology of Lordship* John M Frame, This four volume set includes The Doctrine of the Knowledge of God 1987 The Doctrine of God 2002 The Doctrine of the Christian Life 2008 and The Doctrine of the Word of God 2010 **The Doctrine of the Christian Life** John M. **The Lordship of Christ** David V. Way, 1991 In this study Way traces K semann's views from his doctoral dissertation to his magnum opus the *Commentary on Romans* From its context in German Protestant theology K semann's Pauline interpretation is systematically analysed and emphasis is given to the major theological themes which identify the continuing significance of his interpretation to biblical scholars and the church Certain unpublished lectures and letters are referred to in tracing K semann's views and the influence of this most provocative of Rudolf Bultmann's students on contemporary New Testament scholarship is assessed

*A Critical History of the Doctrine of a Future Life* William Rounseville Alger, 1880

*The Ordering of the Christian Mind* Martin Westerholm, 2015-11-12 The adequacy of Karl Barth's conception of theological reasoning is a decisive point of contention in assessments of the legacy and potential of twentieth century theology Barth's work is a formative point from which other twentieth century figures take their orientation later thinkers have most often taken their leave from his work by suggesting that it reflects an underdeveloped conception of the activities of human reason The regularity with which other thinkers orient themselves in relation to Barth by pointing to a positivism faith subjectivism or fideism in his work elevates the question of theological reasoning to a decisive point in the comprehension of twentieth century theology *The Ordering of the Christian Mind* facilitates evaluation of Barth's work by reconstructing his conception of the activities of reason It does so first by reframing the question Martin Westerholm shows that Barth's understanding of the moral structure of the relation between God and creatures demands that the question of theological reasoning be approached through an ethical inquiry into the proper ordering of the activities of the mind Secondly Westerholm deploys a new set of categories through which Barth's work can be described He shows that by working through an account of the noetic corollaries of faith and of the understanding of faith Barth develops a coherent and compelling account of the standpoint orientation and freedom of theological reasoning

Development of this material is accompanied by new accounts of Barth's earlier theology of the resurrection his theological development and the significance of his engagement with Anselm      A Dictionary of the Bible: Kir-Pleiades James Hastings, John Alexander Selbie, Andrew Bruce Davidson, Samuel Rolles Driver, Henry Barclay Swete, 1900      *The Gospel and Its Meaning* Harry Lee Poe, 1996 The Gospel speaks to a broad range of concerns concerns that differ from person to person group to group culture to culture Yet the practice of the twentieth century church has been to concentrate on one part of the Gospel repentance and justification as if it were the whole and to proclaim that part uniformly often without meaningful context that would demonstrate the relevance of Christ to the hearer The Gospel and Its Meaning breaks fresh ground for evangelism It equips the students of evangelism with theological foundations for reaching diverse groups from Hindi pantheists to radical environmentalists without compromising the Gospel's integrity The Gospel and Its Meaning Identifies the basic elements of the Gospel Shows the relationship of these elements to specific doctrines of theology Identifies theologians and systems that have focused on particular doctrines Shows which elements of the Gospel deal most clearly with various issues of evangelism Suggests avenues of ministry that can address each evangelistic issue By showing how different parts of the Gospel address the concerns of people within and without the Judeo Christian worldview The Gospel and Its Meaning helps those in any kind of evangelistic ministry to develop a means for connecting the Gospel directly to the world of the hearer while distinguishing it clearly from philosophies of relativism and pluralism      **Coctoral Dissertations in the Field of Religion, 1940-1952: Their Titles, Location, Fields, and Short Précis of Contents** Council on Graduate Studies in Religion, 1954      **The Literature of the Doctrine of a Future Life, Or, A Catalogue of Works Relating to the Nature, Origin, and Destiny of the Soul** Ezra Abbot, 1871
