Six French Cities Celestine Cooley, 2026-01-06 For decades the thought of living in France existed quietly in my imagination a dream deferred by responsibilities obligations and life s practical realities But overtime some kindled dreams do come true After tying up loose ends releasing long held commitments and overcoming certain obstacles I chose to change my life finally answering this call that persistently tugged at my heart In the fall of 2023 with my faithful Chihuahua Colonel a suitcase and limited French I boarded a train in Paris France on a solo three week scouting journey to explore six distinct French cities each offering its own rhythm beauty and promise I wasn t traveling as a tourist I was searching for a place to belong From cobblestone streets to quiet neighborhoods steeped in history each stop brought clarity choices and self discovery And then like magic I found it the medieval city that grabbed my heart and felt so much like home This book Six French Cities marks the beginning of my French journey the moment a decades old dream shifted from longing to certainty It is a story of courage determination reinvention and listening to that inner voice that insists it s never too late to begin again In choosing France I paved the way toward a new life and this is where that story truly starts **SPIN**
