**Olutola K. Peters**

## **The Mandate Of Heaven:**

**The Mandate of Heaven** Stuart Buchan,1988      **The Mandate of Heaven** S. J. Marshall,2002-08 The I Ching is one of the cornerstone texts of Chinese civilization and remains a tremendously popular book throughout the world Scholars have increasingly dismissed the traditions surrounding the text while many readers in both China and the West have been more willing to accept this divinatory work at face value S J Marshall sets out to reconcile these opposing approaches      **The Mandate of Heaven** John Fremont Melby,1968      **The Mandate of Heaven and The Great Ming Code** Jiang Yonglin,2011-07-01 After overthrowing the Mongol Yuan dynasty Zhu Yuanzhang the founder of the Ming dynasty 1368 1644 proclaimed that he had obtained the Mandate of Heaven Tianming enabling establishment of a spiritual orientation and social agenda for China Zhu emperor during the Ming s Hongwu reign period launched a series of social programs to rebuild the empire and define Chinese cultural identity To promote its reform programs the Ming imperial court issued a series of legal documents culminating in The Great Ming Code Da Ming lu which supported China s legal system until the Ming was overthrown and also served as the basis of the legal code of the following dynasty the Qing 1644 1911 This companion volume to Jiang Yonglin s translation of The Great Ming Code 2005 analyzes the thought underlying the imperial legal code Was the concept of the Mandate of Heaven merely a tool manipulated by the ruling elite to justify state power or was it essential to their belief system and to the intellectual foundation of legal culture What role did law play in the imperial effort to carry out the social reform programs Jiang addresses these questions by examining the transformative role of the Code in educating the people about the Mandate of Heaven The Code served as a cosmic instrument and moral textbook to ensure all under Heaven were aligned with the cosmic order By promoting regulating and prohibiting categories of ritual behavior the intent of the Code was to provide spiritual guidance to Chinese subjects as well as to acquire political legitimacy The Code also obligated officials to obey the supreme authority of the emperor to observe filial behavior toward parents to care for the welfare of the masses and to maintain harmonious relationships with deities This set of regulations made officials the representatives of the Son of Heaven in mediating between the spiritual and mundane worlds and in governing the human realm This study challenges the conventional assumption that law in premodern China was used merely as an arm of the state to maintain social control and as a secular tool to exercise naked power Based on a holistic approach Jiang argues that the Ming ruling elite envisioned the cosmos as an integrated unit they saw law religion and political power as intertwined remarkably different from the modern compartmentalized worldview In serving as a cosmic instrument to manifest the Mandate of Heaven The Great Ming Code represented a powerful religious effort to educate the masses and transform society The open access publication of this book was made possible by a grant from the James P Geiss and Margaret Y Hsu Foundation      [The New Chinese Empire](#) Ross Terrill,2009-03-05 Some observers expect China to become an economic superpower Others expect it to fragment into pieces Is China nationalistic and on the march or is it a stumbling Communist

dinosaur Is it already a billion citizen member of the global village Is it as the Clinton administration claimed a strategic partner of the U S Ross Terrill addresses the question upon which all these others depend Is the People s Republic of China whose polity is a hybrid of Chinese tradition and Western Marxism willing to become a modern nation or does it insist on remaining an empire Since the collapse of three thousand years of Confucian monarchy in 1911 China has neither established a successful political system nor adjusted to being a nation state Today it stands as the most contradictory of major powers hovering between an unsustainable tradition and a yet to be born political form that would support its new society and economy Hanging in the balance are the prospect for freedom within China for both Chinese and non Chinese citizens of the People s Republic the future of America s relations with China and the security of China s neighbors Drawing upon Terrill s long experience studying China as well as upon new research this enlightening and rigorous book will be a must read for everyone who has a stake in the future of the global world order *Capturing the Mandate of Heaven* Joseph Vincent Bertini,2006

**The Mandate of Heaven** S. J. Marshall,2001 The Mandate of Heaven was originally given to King Wen in the 11th century BC King Wen is credited with founding the Zhou dynasty after he received the Mandate from Heaven to attack and overthrow the Shang dynasty King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes This book validates King Wen s association with the Changes It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen s capital of Feng by his son King Wu shortly after King Wen had died before he had a chance to launch the full invasion The sense of this eclipse as an actual event has been overlooked for three millennia It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told It shows how the earliest layer of the Book of Changes the Zhouyi has preserved a hidden history of the Conquest

**A History of the Religious Beliefs and Philosophical Opinions in China from the Beginning to the Present Time** Léon Wieger,1927

The Mandate of the Church in the Apocalypse of John Olutola K. Peters,2005 The Mandate of the Church in the Apocalypse of John fills a gap in the scholarly literature on the Apocalypse of John by offering a comprehensive discussion of what the Church is called upon to be and do It delineates various tasks and functions of the Church showing how they relate to one another and also how they are all unified under the mandate to provide faithful witness to Jesus With its strong emphasis on the ethical concerns of the Apocalypse this book challenges the view that John s Apocalypse is sub Christian in its ethics

**The Mandate of Heaven** John Fremont Melby,1968

China Cho-yun Hsu,2012-06-19 An internationally recognized authority on Chinese history and a leading innovator in its telling Cho yun Hsu constructs an original portrait of Chinese culture Unlike most historians Hsu resists centering his narrative on China s political evolution focusing instead on the country s cultural sphere and its encounters with successive waves of globalization Beginning long before China s written history and extending through the twentieth century Hsu follows the content and expansion of Chinese culture describing the daily lives of commoners their spiritual beliefs and practices the changing

character of their social and popular thought and their advances in material culture and technology In addition to listing the achievements of emperors generals ministers and sages Hsu builds detailed accounts of these events and their everyday implications Dynastic change the rise and fall of national ambitions and the growth and decline of institutional systems take on new significance through Hsu s careful research which captures the multiple strands that gave rise to China s pluralistic society Paying particular attention to influential relationships occurring outside of Chinese cultural boundaries he demonstrates the impact of foreign influences on Chinese culture and identity and identifies similarities between China s cultural developments and those of other nations

*The Future of Post-human Organization* Peter Baofu,2009 The aim of this book is to provide an alternative way to understand the nature of organizations in special relation to communication decision making and leadership

*The Idea of Democracy in the Modern Era* Ralph Ketcham,2004 Although the last half of the twentieth century has been called the Age of Democracy the twenty first has already demonstrated the fragility of its apparent triumph as the dominant form of government throughout the world Reassessing the fate of democracy for our time distinguished political theorist Ralph Ketcham traces the evolution of this idea over the course of four hundred years He traces democracy s bumpy ride in a book that is both an exercise in the history of ideas and an explication of democratic theory Ketcham examines the rationales for democratic government identifies the fault lines that separate democracy from good government and suggests ways to strengthen it in order to meet future challenges Drawing on an encyclopedic command of history and politics he examines the rationales that have been offered for democratic government over the course of four manifestations of modernity that he identifies in the Western and East Asian world since 1600 Ketcham first considers the fundamental axioms established by theorists of the Enlightenment Bacon Locke Jefferson and reflected in America s founding then moves on to the mostly post Darwinian critiques by Bentham Veblen Dewey and others that produced theories of the liberal corporate state He explains late nineteenth century Asian responses to democracy as the third manifestation grounded in Confucian respect for communal and hierarchical norms followed by late twentieth century postmodernist thought that views democratic states as oppressive and seeks to empower marginalized groups Ketcham critiques the first second and fourth modernity rationales for democracy and suggests that the Asian approach may represent a reconciliation of ancient wisdom and modern science better suited to today s world He advocates a reorientation of democracy that de emphasizes group or identity politics and restores the wholeness of the civic community proposing a return to the Jeffersonian universalism that which informed the founding of the United States if democracy is to flourish in a fifth manifestation

*The Idea of Democracy in the Modern Era* is an erudite interdisciplinary work of great breadth and complexity that looks to the past in order to reframe the future With its global overview and comparative insights it will stimulate discussion of how democracy can survive and thrive in the coming era

*A History of the Far East in Modern Times* Harold Monk Vinacke,1928

*The ^AOxford Handbook of Early China* Elizabeth Childs-Johnson,2020-11-09 A

chronological and interdisciplinary study of early China from the Neolithic through Warring States periods ca 5000 500BCE

The Oxford Handbook of Confucianism Jennifer Oldstone-Moore, 2023 Comprised of thirty eight original essays by experts from a wide range of disciplines the Oxford Handbook of Confucianism covers the Confucian tradition chronologically geographically and topically through textured and innovative examinations of foundational subjects and emerging topics in Confucian studies     **A Modern History of Korean Philosophy** Min-hong Ch'oe, 1983     The Harvard Theological Review, 1916     **China and the Powers** Henry Kittredge Norton, 1927     **The American Ecclesiastical Review** Herman Joseph Heuser, 1944
