The Mind Of The Maker:

Mind of the Maker Dorothy L. Sayers, 2010-01-07 Dorothy L Sayers great lay contemporaries in the Church of England were T S Eliot C S Lewis and Charles Williams but none of them wrote a book quite like *The Mind of the Maker* In this crisp elegant exercise in theology Sayers illuminates the doctrine of the Trinity by relating it to the process of writing fiction a process about which she could speak with complete authority She illustrates her thesis with many examples drawn from her own books and even illuminates the Christian heresies by analysing certain failures of creation which regularly occur in literature This marvellous classic describes the creative process in terms of the arts and shows that literature can cast light on theology and vice versa The Mind of the Maker Dorothy Leigh Sayers, 1970 This classic examines anew such ideas as the image of God the Trinity free will and evil and in these pages a wholly revitalized understanding of them emerges She continually refers to each in a way that illuminates all Copyright Libri GmbH All rights reserved **The Mind of the Maker** Dorothy L. Sayers, 2021-03-17 From the first pages of Genesis it is clear that God and man share one vital trait the ability to create great works out of nothing More than any other group artists feel impelled to create and this urge brings them closer to God By contemplating the creative drive of humanity we can better understand the works of God and by reading deeply into the tenets of Christianity we can better understand the creative spirit of man Dorothy L Sayers explores the concept of the Holy Trinity within the context of invention the creative idea the creative energy and the creative power In this searching wide ranging treatise one of the greatest minds of the twentieth century shows us what it means to be an artist and what it takes to make humankind *The Mind of the Maker* Dorothy Leigh Sayers, 1994 This text from the Library of Anglican Spirituality examines the notion of creativity and God as Creator The Mind of the Maker Dorothy L. Sayers,2017-04-21 This compilation unites two of Dorothy L Sayers best writings about the proper education of Christian children Written in the 1940s these influential documents were published at the time that Sayers was at her height as a popular writer of fiction Well known in England and abroad as a talented and bestselling author it was

during maturity that Sayers decided the time was right to share and publish her views on Christian education Sayers discusses a number of different topics relevant to a healthy moral and spiritual education ranging from primary school age to university level She proposes a number of tenets and rules to be carried by schools and colleges that students may acquire a mindful and responsible attitude both to God and to others in the world The views delivered in the texts are enforced by relevant quotations of writers and poets who wrote with Christian overtones such as Goethe and T S Eliot Mindful of the nature of children and young people Sayers does not advocate an oppressive or forceful kind of education but one which nurtures pupils inner talents and creativity As a woman who lived by her talents for expression and by the Christian virtues Sayers is eager that students of future generations be given the greatest chance to succeed in much the same fashion she did The opinions Dorothy Sayers gave in these two works were influential in education with many schools around the USA and UK both private and state funded taking inspiration from them Today they remain a relevant and worthwhile read for parents educators and Christian believers
