Jeremy Tarcher In this unique book author editor Jean Marie Stine shows writers how to avoid the errors that keep most self help books from finding publishers and off the bestseller lists if they are published. From the author. Before starting this book I carefully reviewed stacks of rejected self help manuscripts from aspiring authors. I also looked at first drafts which publishers had asked me to rewrite before they were deemed suitable for publication. I kept a running list of the defects. I noted. Altogether I found 68 key mistakes most inexperienced authors seemed to make. In this book I describe each of the 68 key mistakes so that you can recognize them when you see them in your own work. Then I explain how you can avoid or correct the problem. The result should be a zero defect manuscript and book proposal that will sail through the editorial and publishing committees to acceptance.
