**Contemporary Wine Studies** Gareth Morgan, Richard Tresidder, 2015-09-25 The purchase and consumption of wine whether in hospitality environments or domestic settings has huge anthropological significance underpinned by a discourse of wine appreciation. It can be seen as a multi sensory and symbolically status rich activity framed by historical social cultural and ethical discourses. This innovative book offers a critical study of wine from social and cultural perspectives. The field of wine studies spans the spectrum of cultural and technical issues concerning the place of wine in society from viticulture vinification labelling regulation marketing purchasing storage and its final consumption. It combines social history and contemporary questions including the notion of terroir the nature of protected wine designations the pricing of wine and the different motivations for buying and consuming wine. It considers wine as a beverage as an aesthetic exercise and as a marker of status as well as health implications and legal controls. The title offers a timely contribution into the significance of wine and the role of knowledge both of which have conceptual and managerial implications in terms of marketing promotion consumption and distribution. By offering a holistic and innovative understanding of wine and its consumption it is a must read for students and scholars in the fields of wine and social science.

**One In a Billion: Becoming India's First Master of Wine** Sonal C. Holland, 2025-07-24 A STORY OF SELF TRANSFORMATION AND HEARTENING TALE OF ACHIEVING ONE'S DREAMS When Sonal C. Holland left her high paying corporate job she knew she wanted what she didn't want a boring nine to five but not exactly what she wanted. Enter wine a drink enjoyed only by the elite in India but with immense potential for growth. Wine communication and teaching would play to Sonal's strengths as a communicator and a networker. She and her husband Andrew rightly identified the goal was set to become India's first wine communicator by winning the title of Master of Wine the highest certification in the wine world and held by barely 400 people around the world. And no one in India. Thus began the long and tumultuous journey towards the title with hours spent poring over books on a motel bed a scruffy bus ride across the Australian summerscape birthdays away from family and friends and a little daughter all towards an almost unattainable goal. In *One in a Billion* Sonal narrates the story of being from a middle class family in Mumbai to becoming the first Master of Wine from India and being instrumental in making the drink popular in the country. Along the way we get an overview of wine tasting the Indian wine market the technicalities of wine production as well as fascinating nuggets about wine.
