The Word Method of Teaching

Phonics Anna Dorothea Cordts,1929 **Raising Kids Who Read** Daniel T. Willingham,2015-02-24 How parents and educators can teach kids to love reading in the digital age Everyone agrees that reading is important but kids today tend to lose interest in reading before adolescence In Raising Kids Who Read bestselling author and psychology professor Daniel T

Willingham explains this phenomenon and provides practical solutions for engendering a love of reading that lasts into adulthood. Like Willingham's much lauded previous work *Why Don't Students Like School?* this new book combines evidence-based analysis with engaging, insightful recommendations for the future. Intellectually rich argumentation is woven seamlessly with entertaining current cultural references, examples, and steps for taking action to encourage reading. The three key elements for reading—enthusiasm, decoding, comprehension, and motivation—are explained in depth in *Raising Kids Who Read*. Teachers and parents alike will appreciate the practical orientation toward supporting these three elements from birth through adolescence. Most books on the topic focus on early childhood, but Willingham understands that kids' needs change as they grow older, and the science-based approach in *Raising Kids Who Read* applies to kids of all ages. A practical perspective on teaching reading from bestselling author and K-12 education expert Daniel T. Willingham. Research-based concrete suggestions to aid teachers and parents in promoting reading as a hobby. Age-specific tips for developing decoding ability, comprehension, and motivation in kids from birth through adolescence. Information on helping kids with dyslexia and encouraging reading in the digital age. Debunking the myths about reading education. *Raising Kids Who Read* will empower you to share the joy of reading with kids from preschool through high school.

Mr Brainfright says: It's important to keep a sense of humour at all times, especially when you're being ripped apart by a lion. Mr Brainfright is a teacher at Northwest Southeast Central School. He teaches Grade Five and in his class is a student called Henry McThrottle who likes telling stories. That's me! I'm Henry McThrottle and this is my latest story. It's about an evil pencil a runaway lion, an avalanche and falling out of windows. I hope you like it. *The Utah Educational Review*, 1922
