Marchmont,1897 **The History of Literature in Qin and Han Dynasty** Li Shi, The book is the volume of The History of
Literature in Qin and Han Dynasty among a series of books of Deep into China Histories The earliest known written records
of the history of China date from as early as 1250 BC from the Shang dynasty c 1600 1046 BC and the Bamboo Annals 296
BC describe a Xia dynasty c 2070 1600 BC before the Shang but no writing is known from the period The Shang ruled in the
Yellow River valley which is commonly held to be the cradle of Chinese civilization However Neolithic civilizations originated
at various cultural centers along both the Yellow River and Yangtze River These Yellow River and Yangtze civilizations arose
millennia before the Shang With thousands of years of continuous history China is one of the world s oldest civilizations and
is regarded as one of the cradles of civilization The Zhou dynasty 1046 256 BC supplanted the Shang and introduced the
concept of the Mandate of Heaven to justify their rule The central Zhou government began to weaken due to external and
internal pressures in the 8th century BC and the country eventually splintered into smaller states during the Spring and
Autumn period These states became independent and warred with one another in the following Warring States period Much
of traditional Chinese culture literature and philosophy first developed during those troubled times In 221 BC Qin Shi Huang
conquered the various warring states and created for himself the title of Huangdi or emperor of the Qin marking the
beginning of imperial China However the oppressive government fell soon after his death and was supplanted by the longer
lived Han dynasty 206 BC 220 AD Successive dynasties developed bureaucratic systems that enabled the emperor to control
vast territories directly In the 21 centuries from 206 BC until AD 1912 routine administrative tasks were handled by a special
elite of scholar officials Young men well versed in calligraphy history literature and philosophy were carefully selected
through difficult government examinations China s last dynasty was the Qing 1644 1912 which was replaced by the Republic
of China in 1912 and in the mainland by the People s Republic of China in 1949 Chinese history has alternated between
periods of political unity and peace and periods of war and failed statehood the most recent being the Chinese Civil War 1927
1949 China was occasionally dominated by steppe peoples most of whom were eventually assimilated into the Han Chinese
culture and population Between eras of multiple kingdoms and warlordism Chinese dynasties have ruled parts or all of China
in some eras control stretched as far as Xinjiang and Tibet as at present Traditional culture and influences from other parts

of Asia and the Western world carried by waves of immigration cultural assimilation expansion and foreign contact form the basis of the modern culture of China **The three Cruikshanks: a bibliogr. catal. describing more than 500 works illustr. by I., G. & R.
