Palmer, 2009-06-01 Born in Trinidad Eric Williams 1911-81 founded the Republic of Trinidad and Tobago s first modern political party in 1956 led the country to independence from the British culminating in 1962 and became the nation s first prime minister Before entering politics he was a professor at Howard University and wrote several books including the classic *Capitalism and Slavery* In the first scholarly biography of Williams Colin Palmer provides insights into Williams s personality that illuminate his life as a scholar and politician and his tremendous influence on the historiography and politics of the Caribbean Palmer focuses primarily on the fourteen year period of struggles for independence in the Anglophone Caribbean From 1956 when Williams became the chief minister of Trinidad and Tobago to 1970 when the Black Power inspired February Revolution brought his administration face to face with a younger generation intellectually indebted to his revolutionary thought Williams was at the center of most of the conflicts and challenges that defined the region He was most aggressive in advocating the creation of a West Indies federation to help the region assert itself in international political and economic arenas Looking at the ideas of Williams as well as those of his Caribbean and African peers Palmer demonstrates how the development of the modern Caribbean was inextricably intertwined with the evolution of a regional

anticolonial consciousness      *Elusive Origins* Paul B. Miller, 2010-05-31 Although the questions of modernity and postmodernity are debated as frequently in the Caribbean as in other cultural zones the Enlightenment generally considered the origin of European modernity is rarely discussed as such in the Caribbean context Paul B Miller constellates modern Caribbean writers of varying national and linguistic traditions whose common thread is their representation of the Enlightenment and the Age of Revolution in the Caribbean In a comparative reading of such writers as Alejo Carpentier Cuba C L R James Trinidad Marie Chauvet Haiti Maryse Condé Guadeloupe Reinaldo Arenas Cuba and Edgardo Rodríguez Juliá Puerto Rico Miller shows how these authors deploy their historical imagination in order to assess and reevaluate the elusive and often conflicted origins of their own modernity Miller documents the conceptual and ideological shift from an earlier generation of writers to a more recent one whose narrative strategies bear a strong resemblance to postmodern cultural practices including the use of parody in targeting their discursive predecessors the questioning of Enlightenment assumptions and a suspicion regarding the dialectical unfolding of history as their precursors understood it By positing the Cuban Revolution as a dividing line between the earlier generation and their postmodern successors Miller confers a Caribbean specificity upon the commonplace notion of postmodernity The dual advantage of *Elusive Origins*'s thematic specificity coupled with its inclusiveness allows a reflection on canonical writers in conjunction with lesser known figures Furthermore the inclusion of Francophone and Anglophone writers in addition to those from the Hispanic Caribbean opens up the volume geographically linguistically and nationally expanding its contribution to a nonessentialist understanding of the Caribbean in a Latin American Atlantic and global context      **A Transnational History of the Modern Caribbean**

Kirwin Shaffer, 2022-06-13 This book examines Caribbean people resisting racial political and social oppression from the eve of the 1790s Haitian Revolution to the twenty first century Migrating rebels shipments of newspapers rumors and acts of resistance themselves inspired people throughout the Caribbean who launched their own acts of defiance illustrating the transnational nature of Caribbean resistance Some people fought to be left alone ungovernable and masterless Other people fought to free their ethnicity or race their class or their nation Men and women employed a range of tactics from violent armed uprisings to fleeing repression and starting their own communities Through song language religion and festivals they maintained cultures and identities against oppressive norms that devalued or sought to destroy those cultures and identities People declared strikes and riots against economic oppression Women and mothers mobilized for their and their children's freedoms Across the Caribbean people confronted oppression and in so doing illustrated their humanity and agency

story of Jewish refugees who overcame persecution and sought safety in the West Indies from the 1930s through the end of the war. At the same time it gives an unsparing account of the xenophobia and bureaucratic infighting that nearly prevented their rescue and that helped to seal the fate of countless other European Jews for whom escape was never an option. From the introduction This book is called *Nearly the New World* because for most refugees who found sanctuary it was nearly but not quite the New World that they had hoped for. The British West Indies were a way station, a temporary destination that allowed them entry when the United States, much of South and Central America, the United Kingdom and Palestine had all become closed. For a small number it became their home. This is the first comprehensive study of modern Jewish emigration to the British West Indies. It reveals how the histories of the Caribbean of refugees and of the Holocaust connect through the potential and actual involvement of the British West Indies as a refuge during the 1930s and the Second World War. **A Sample of Modern Caribbean Cuisine** Chefs Caribbean, 2013-06-01 This initial offering is a sampler of the content that will follow. Franklin D. Roosevelt and the Formation of the Modern World William D. Pederson, Steve Howard, 2016-09-16 No event shaped the twentieth century more than World War II and no leader shaped the conduct of the war and the formation of the modern world more than President Franklin D. Roosevelt. In this anthology leading scholars examine Roosevelt's role in the international arena, focusing on his diplomacy with Europe, Russia, the Baltic States, Canada and the Caribbean, his relations with American Jews in the face of the Holocaust, his military appointments and the operation of the Civilian War Services Division. *African Diasporas in the New and Old Worlds*, 2021-11-01 In the humanities the term diaspora recently emerged as a promising and powerful heuristic concept. It challenged traditional ways of thinking and invited reconsiderations of theoretical assumptions about the unfolding of cross-cultural and multi-ethnic societies, about power relations, frontiers and boundaries, about cultural transmission, communication and translation. The present collection of essays by renowned writers and scholars addresses these issues and helps to ground the ongoing debate about the African diaspora in a more solid theoretical framework. Part I is dedicated to a general discussion of the concept of African diaspora, its origins and historical development. Part II examines the complex cultural dimensions of African diasporas in relation to significant sites and figures, including the modes and

modalities of creative expression from the perspective of both artists writers and their audiences finally Part III focusses on the resources collections and archives and iconographies that are available today As most authors argue the African diaspora should not be seen merely as a historical phenomenon but also as an idea or ideology and an object of representation By exploring this new ground the essays assembled here provide important new insights for scholars in American and African American Studies Cultural Studies Ethnic Studies and African Studies The collection is rounded off by an annotated listing of black autobiographies

*Dependency and Socialism in the Modern Caribbean* Euclid A. Rose, 2002-01-01 Was the Anglophone Caribbean condemned by its colonial history to permanent conditions of dependency and by Cold War geopolitical realities to international interventionism In *Dependency and Socialism in the Modern Caribbean* Euclid Rose focuses upon the efforts made by the English speaking Caribbean through case studies that compare and contrast the political economies of Guyana Jamaica and Grenada to break out of the legacy of colonial dependency and underdevelopment through the implementation of a Caribbean brand of socialism The work considers the Caribbean s adoption of Fabian style socialism as an alternative to capitalist development and how these socialist policies were impacted by differences in infrastructure capacity economic and social resources and political agendas It highlights the pivotal role of race and class and the hitherto little studied impact of religion on the region s political economy Moreover the study calculates the impact of the global economy upon Caribbean socio economic conditions and the ideological geopolitical and strategic implications of the Cold War and the Caribbean s socialist alignment on the nature character and intensity of British and American interventionism in the region A must read for political economists in search of a greater understanding of the postcolonial political economy of the Caribbean and Latin America

Microregionalism and World Order is a pioneering work on the least understood aspect of regionalism. Leading specialists analyze the form microregionalism takes in different parts of the world including the Americas, Asia Pacific and Africa. By illustrating the complex relationship amongst the political, economic and social dimensions of microregionalism, the book seeks to contribute to the theoretical debate on regionalism as well as to provide new empirical insights.
