

THE MARRIAGE SUPPER OF THE LAMB

Wedding Feast Of The Lamb

William Meynell Whittemore

Wedding Feast Of The Lamb:

Wedding Feast of the Lamb Roch A. Kereszty,2004 In this deeply contemplative and meditative study Father Kereszty first places the Eucharist in the universal context of world religions and shows how the Eucharist is God's response to the universal human quest for the perfect sacrifice of thanksgiving expiation and communion Father Kereszty discusses not only the explicit eucharistic texts of the New Testament but demonstrates the role and meaning of the Eucharist within each Gospel within the theology of Paul the letter to the Hebrews and the book of Revelation He highlights forgotten texts and recovers surprising insights from the Fathers that show the link between the Eucharist and mystical experience the presence of all the mysteries of Christ in particular his death Resurrection and his coming in glory in the eucharistic celebration He then carries the *lex orandilex credendi* adage to its logical conclusion the liturgical celebration provides the content and the organizing principle for the systematic presentation

God Otherwise Alain Saudan,2025-12-05 Contemporary French Catholic philosopher Emmanuel Falque has risen to the forefront among international intellectuals speaking on Christianity Inspired by his Catholic faith as well as his humanist vision Falque offers thought provoking answers to today's social cultural and philosophical issues The present book newly translated from the French offers a vivid and highly accessible introduction to the basic premises underlying Falque's vision In it French author Alain Saudan lucidly shows how Falque's thought not only comes from major twentieth century pioneers of Catholicism Henri de Lubac SJ Jacques Maritain tienne Gilson and Jean Luc Marion but also creatively transcends their ideas by introducing novel concepts into philosophy and theology Not merely a deep reflection on Falque's project Saudan's book vividly offers a window into key debates tensions and opportunities within the Western tradition that religious and secular cultures are continuing to grapple with today

The Play of Goodness Jacob

Benjamins,2024-10-15 One of the enduring claims in the Christian tradition is that creation is good Given the diversity of experience and the abundance of suffering in the world however such an affirmation is not always straightforward The Play of Goodness provides a phenomenology of creation's goodness that clarifies the ongoing relevance of the doctrine today It argues that what is good about creation is not synonymous with a confession of faith and does not require an overly

optimistic disposition but instead appears within diverse and often surprising circumstances Alongside original contributions to French phenomenology and creation theology The Play of Goodness counterbalances a tendency in continental philosophy to focus on negative phenomena By developing the philosophical concept of a prelinguistic experience of goodness the book identifies a quality of goodness that is integral to the place in which we find ourselves It also articulates shared points of contact among people in an increasingly polarized world while demonstrating that distinctly theological concepts do not need to be presented in opposition to secular agnostic or atheist perspectives in order to be relevant Benjamins develops an account of creation s goodness that has the potential to animate an abiding affection for one s place accentuate our reasons to care for it and confirm that what happens in our lives is of genuine significance Art, Desire, and God Kevin G. Grove,Christopher C. Rios,Taylor J. Nutter,2023-08-24 Bringing together thinkers from philosophy of religion religious studies music art and film while drawing on a wealth of phenomenological resources and methods a team of renowned scholars provide new vantages on the question of how art is an expression of the human desire for God In three interrelated parts chapters employ phenomenological tools to propose new ways for speaking of the desire for God Scholars first draw upon music sculpture film and painting to develop ways of expressing diverse philosophical and religious aspects characteristic of aesthetic experience The discussion then opens up to examine the mystical and wounded aspects of embodied interface with God The final part investigates embodied aesthetic praxis in philosophy of religion and religious studies With several contributions engaging with the embodied aesthetic experience of underrepresented voices Art Desire and God offers constructive phenomenological bridges across divides of disciplines aesthetic experiences and embodied actions
