New Routes to Library Success: 100+ Ideas from Outside the Stacks Elisabeth Doucett, 2015-04-13 Today's library leaders face a world in which the only constant is change. Seeking out innovative ways to meet the evolving needs of their communities has become a critical part of their responsibilities. In this book, Doucett mines new territory in this ongoing effort by exploring how successful organizations outside the stacks conduct their business. She interviews leaders of advertising, online commerce, fundraising, retailing, crowdsourcing, and other organizations including Kickstarter, L.L. Bean, Down East Magazine, and Tom's of Maine, among others, learning what they do exceptionally well. From this research, she presents more than 100 examples of game-changing ideas ready for application in libraries. And most importantly, she articulates a simple process that readers can use to pursue the same path of exploration at their own institutions, including the actual questions used during her interviews. An exciting survey of creativity in action, Doucett's book will encourage public library directors, managers, trustees, and staff to cross-pollinate their own expertise with innovative ideas from outside the stacks.

We Want Bama Joseph Goodman, 2021-11-09 A lively chronicle of how the 2020 Crimson Tide became Nick Saban's ultimate team. Was Alabama's Crimson Tide in 2020 the greatest team of all time? The squad went 13-0 in a pandemic year, scored a combined 107 points against SEC powerhouses LSU and Florida, and crushed Ohio State in a National Championship Game 52-24 in a contest that wasn't even that close, and followed it up with another top-rated signing class. Nick Saban called his boys the ultimate team, but it wasn't just because they kicked the ever-living hell out of everyone on the football field. It was because the team leveraged a power and influence born of Southern pride to push back against a hateful legacy of racism that a populist president was exploiting to divide the nation. At a time when Americans needed real leaders in the face of so much hate, the sports world answered the call and fought back for the soul of the country. In the summer of 2020, the Tide players left their training facility and led by their celebrated coach marched to a campus doorway made infamous sixty years earlier by another political demagogue and showed what people can accomplish when they fight together for a just cause in the name of unity. The most powerful force in a state crazy for college football had chosen to make a stand and replace George Wallace's Segregation Forever with a different message written by one of the players: All lives can matter until Black lives matter. There have been some great football teams through the years, and they all deserve respect. But here's what we know for sure: They all would have been appreciative of what this Alabama team represented and proud of what it accomplished. The Crimson Tide in 2020 captured something special that moved it beyond the conversation of best ever and into the place reserved for most important of all time.
