Financial Aid Discount Store Hours:

Morbidity and Mortality Weekly Report ,2006-11 *Tobacco* Charles A. Lilley,L. S. Hardin,Thomas H. Delano,Wilfred Pocklington Pond,1927 *Live to See the Day* Nikhil Goyal,2023-08-22 An indelible portrait of three children struggling to survive in the poorest neighborhood of the poorest large city in America Kensington Philadelphia is distinguished only by its poverty It is home to Ryan Giancarlos and Emmanuel three Puerto Rican children who live among the most marginalized families in the United States This is the story of their coming of age which is beset by violence the violence of homelessness hunger incarceration stray bullets sexual and physical assault the hypermasculine logic of the streets and the drug trade In Kensington eighteenth birthdays are not rites of passage but statistical miracles One mistake drives Ryan out of middle school and into the juvenile justice pipeline For Emmanuel his queerness means his mother s rejection and sleeping in shelters School closures and budget cuts inspire Giancarlos to lead walkouts which get him kicked out of the system Although all three are high school dropouts they are on a quest to defy their fate and their neighborhood and get high school diplomas In a triumph of empathy and drawing on nearly a decade of reporting sociologist and policymaker Nikhil Goyal follows Ryan Giancarlos and Emmanuel on their mission plunging deep into their lives as they strive to resist their designated place in the social hierarchy In the process *Live to See the Day* confronts a new age of American poverty after the end of welfare as we know it after zero tolerance in schools criminalized a generation of students after the odds of making it out are ever slighter

The Meritocracy Trap Daniel Markovits,2019-09-10 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When *The Meritocracy Trap* reveals the inner workings of the meritocratic machine it also illuminates the first steps outward
