**Look Round for Poetry** Brian McGrath, 2022-05-17 Poetry is dead Poetry is all around us Both are trite truisms that this book exploits and

challenges In his 1798 Advertisement to Lyrical Ballads William Wordsworth anticipates that readers accustomed to the poetic norms of the day might not recognize his experiments as poems and might signal their awkward confusion upon opening the book by looking round for poetry as if seeking it elsewhere Look Round for Poetry transforms Wordsworth's idiomatic expression into a methodological charge By placing tropes and figures common to Romantic and Post Romantic poems in conjunction with contemporary economic technological and political discourse Look Round for Poetry identifies poetry's untimely echoes in discourses not always read as poetry or not always read poetically Once one begins looking round for poetry McGrath insists one might discover it in some surprising contexts In chapters that spring from poems by Wordsworth Lucille Clifton John Keats and Percy Bysshe Shelley McGrath reads poetic examples of understatement alongside market demands for more the downturned brow as a figure for economic catastrophe Romantic cloud metaphors alongside the rhetoric of cloud computing the election of the dead as a poetical and not just a political act and poetic investigations into the power of prepositions as theories of political assembly For poetry to retain a vital power McGrath argues we need to become ignorant of what we think we mean by it In the process we may discover critical vocabularies that engage the complexity of social life all around us *Experiential Spectatorship* William W. Lewis, 2024-11-07 *Experiential Spectatorship* offers a lens for analyzing audience experience with in a variety of contemporary media Using a broad based perspective this media includes participatory theatre video games digital simulations social media platforms alternate reality games choose your own adventure narratives interactive television and a variety of other experiential performance events Through a taxonomy that includes Immersion Participation Game Play and Role Play the book guides the reader to understand the ways mediatization and technics brought about by digital technologies are changing the capacities and expectations of contemporary audiences In their daily interactions and relations with their technologies they become mediatized spectators By reading these technologies impacts on individual subjectivity prior to acts of spectatorship one gains the tools to best describe how the spectator creates forms of relational exchange with their experiential media This book prepares the reader to think in a digital manner so they can best recognize how performance and spectatorship in the twenty first century are evolving to meet the needs of future waves of spectators brought up in a postdigital world Music Criticisms, 1846-99 Eduard Hanslick, 1963 **Reading Comprehension 3(S/B)** Rebecca Mok, 2005-01-01 **Stories for Reading Comprehension** Leslie Alexander Hill, 1992 **Painless Reading Comprehension** Jones, *Read and Understand* Betty Kirkpatrick, Elizabeth McLaren Kirkpatrick, Rebecca Mok, 2005-01-01 **Exercises in Reading Comprehension** E.
