

## 3-Step Morning Routine System

### The 3 Step Morning Routine System

Andrew Huberman

Version 1.0 (2023)

Thank you for purchasing this guide.

It is my intention to create a morning routine that will help you wake up feeling energized and ready to tackle the day. This is not a one-size-fits-all solution, but a framework that you can adapt to your own needs and preferences. The goal is to help you wake up feeling refreshed and ready to take on the day.

Here are the three steps:

1. If you already have a consistent sleep schedule, then you can skip this step. If you are having trouble sleeping, then you will need to focus on improving your sleep hygiene. This includes things like avoiding caffeine and alcohol, creating a bedtime routine, and using a white noise machine. Once you are sleeping better, you can move on to the next step.
2. Next, you will want to focus on your morning routine. This includes things like getting up at the same time every day, taking a shower, and eating a healthy breakfast. You can also incorporate some form of exercise, such as yoga or a walk in the park. The goal is to wake up feeling energized and ready to take on the day.
3. Finally, you will want to focus on your mindset. This includes things like practicing gratitude, setting intentions, and visualizing success. You can also use affirmations to help you stay motivated and focused. The goal is to wake up feeling positive and ready to take on the day.

The goal of this guide is to help you wake up feeling energized and ready to take on the day. It is not a one-size-fits-all solution, but a framework that you can adapt to your own needs and preferences. The goal is to help you wake up feeling refreshed and ready to take on the day.

Thank you.
