William Bonin Freeway Historical Murderers:

William Bonin: the True Story of the Freeway Killer Jack Rosewood, 2015-11-25 In the 1970s and early 80s southern California was shocked when dead boys began turning up with disturbing regularity alongside some of the picturesque state's most heavily traveled freeways. Victims of sadistic torture, the dead boys and young men had been raped and strangled and their untimely deaths were eventually attributed to the Freeway Killer, an elusive psychopath whose trail of death would go down in California history as one of the worst true crime stories in the country. While the Freeway Killer ultimately turned out to be three different men, one of them was truck driver William Bonin, one of the most prolific and sadistic among American serial killers. Bonin usually preferred to work with an accomplice and the lust killer and his cronies brutally raped and tortured his victims. Bonin loved the sounds of their screams before strangling them and dumping them on the side of the road like garbage. Bonin confessed to committing 21 murders in the span of just a year, although many experts believe he was responsible for the deaths of many more missing young men. He was executed in 1996 and in this detailed serial killer biography you'll learn the background that might offer some understanding of what makes a man go off the rails and become a deranged lust killer. Of course, spine tingling story of a man whose youngest victim was a 12 year old who was waiting for a bus to take him to Disneyland might be one that causes you to sleep with the lights on for weeks after turning the final gruesome page.

The Freeway Killer Roger Harrington, 2018-05-30 The Freeway Killer: The Socking True Story of Serial Killer William Bonin. America home of the free land of the brave. Thousands of screaming fans pack into baseball games, football, not soccer stadiums and rock concerts. Americans like loud music, fast cars and women with more plastic in them than the cutlery they use at Fourth of July picnics. But America has another claim to fame: Killers. Sure, the rest of the world has turned in some iconic killers from Jack the Ripper to Osama Bin Laden. But killers and serial killers in general are as American as apple pie. The F B I theorizes that there are anywhere between twenty five and fifty serial killers active in the United States of America at any given time. They each murder an average of three people per year and are active sometimes for decades. The F B I goes on to clarify that a serial killer is defined as having killed two or more people in separate events and times. These aren't crimes of passion where someone murders someone during an argument or after catching their lover in bed with someone else. These are planned and calculated with a cold-blooded efficiency that reminds one of black-eyed sharks slicing silently through the water to ambush their prey. With all of that said, it appears as though the golden age of American serial killers is over. That crime has steadily fallen since the 1970s and 1980s. Sure, they're still around, men and a few women who take life after life with their knives and guns, but gone are the days of Bundy, Gacy and their ilk. We'll take a look at one more, one not everyone is familiar with, but a man who carved a bloody path through multiple years as the 70s gave way to the 80s. His name was William Bonin and they called him The Freeway Killer.

Butler ,2024-06-24 Without Redemption Creation Deeds of Freeway Killer Bill Bonin His Five Accomplices How One Who Escaped Justice written using documents from a variety of sources including Bonin s handwritten jailhouse diaries and confession murder stories brings the reader into the back and forth with witnesses lawyers media jailhouse snitches friends friends family inmates at Los Angeles Men s Central Jail and Bonin s co murderers The book was written on a number of parallel tracks that constantly intersect First it is the most detailed historical biography ever written about Bill Bonin the notorious Freeway Killer responsible for murdering 22 teenage boys over ten months in 1979 80 Second it is a psychological

roadmap which charts the evolution of Bonin's personality from abused child to sexual predator to serial killer. This is accomplished using documents from his childhood, war service, multiple California government mental health and penal institutions, witness testimony and the expertise of Clinical Psychologist Vonda Pelto Ph.D. who had many sessions with Bonin and two of his accomplices while working in Los Angeles Men's Central Jail. Third, it is a narrative which using long hidden documents reveals the inner workings of Bonin's mind showing how he thought, felt, planned and viewed the world. The narrative displays Bonin as an abused high school dropout cleverly manipulating lawyers, judges, doctors, social workers, friends, family, probation officers, government bureaucrats, detectives, journalists and most tragically the innocent victims of his rage. Fourth, *Without Redemption* reveals the complex story of what happened after Bonin's final arrest when so much was in flux and so many moving parts were swirling about. Archived investigative documents collected from a variety of sources brings to light a number of surprising, shocking, sad and even funny events from those ten tumultuous months from June 1980 to March 1981. Finally, it is a book which solves two 40 year old murder mysteries and unlocks how one day of crossroads and coincidences in the midst of the murder spree profoundly impacted many lives and future events.

Mass Murder Michael Newton, 1988 *Murder Movie Makers* Matthew Edwards, 2020-05-28

Serial killers, mass murderers, spree killers, outlaws and real life homicidal maniacs have long held a grim fascination for both filmmakers and viewers. Since the 1970s hundreds of films and television movies have been made covering killers from Charles Manson to Ted Bundy and the Zodiac Killer, creating a uniquely morbid sub genre within horror and thrillers. This collection of interviews sheds light on 17 filmmakers and screenwriters who tackled this controversial subject while attempting to explore the warped world of infamous killers. The interviews include John McNaughton, *Henry*, *Portrait of a Serial Killer*, Tom Hanson, *The Zodiac Killer*, David Wickes, *Jack the Ripper*, Chris Gerolmo, *Citizen X*, Chuck Parello, *The Hillside Stranglers*, David Jacobson, *Dahmer* and Clive Saunders on his ill fated experience directing *Gacy*. Offering candid insights into the creative process behind these movies, the interviews also show the pitfalls and moral controversy the filmmakers had to wrestle with to bring their visions to the screen.

Flash Point Michael D. Kelleher, 1997-07-16 The crime of mass murder is surrounded by myth false assumptions and misinformation It is frequently sensationalized in the press while the complex motivations of the perpetrator are ignored or soon forgotten The mass murderer is rarely a crazed killer who lashes out against his victims in a mindless frenzy of violence This book examines not only the crime of mass murder but also the complex motivations of the mass murderer presenting a completely new method of categorizing and analyzing the crime and its perpetrator The evolving nature of the crime is examined in the context of actual case histories of mass murder in America Kelleher's insights will be of interest to criminologists and anyone interested in the sociology of crime
