Tok Trending In The Us:

TikTok Cultures in the United States Trevor Boffone, 2022-04-03 *TikTok Cultures in the United States* examines the role of TikTok in US popular culture paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

New Developments in the Trilateral Relationship between the United States, Taiwan, and China Charles K.S. Wu, Yao-Yuan Yeh, 2025-03-15 Taiwan has become a new flashpoint in Sino-US relations in recent years. The nation just concluded its presidential and legislative elections in January 2024. The incumbent Democratic Progressive Party (DPP) won a pyrrhic victory, with DPP keeping the presidential seat but losing the majority in Taiwan's Legislative Yuan Congress. The political status of Taiwan is one of the few, if not the only, issues that have won bipartisan support. *New Developments in the Trilateral Relationship between the United States, Taiwan, and China* analyzes the three-way relationship and raises numerous questions that are urgently awaiting answers. The book advances our understanding of some of the pressing issues in this relationship. These questions include, but are not limited to, how does the US public view the trade war against China? How do they perceive China in general? What extent could the Indo-Pacific Economic Framework for Prosperity (IPEF) support US economic competition with China? As for Taiwan, to what scope do China's campaigns infiltrate and influence political attitudes? Considering its geographic proximity to Taiwan, how does the immigration from Hong Kong influence Taiwan?
