IT Crisisology Casebook Sergey V. Zykov, 2022-06-03 The book focuses on the real world case based crisis management in digital product development. This includes forecasting, responding and agile engineering management methods, patterns and practices for sustainable development. This book introduces a set of case studies for sustainability in management as a blend of the components of which have been carefully selected from a few domains adjacent to digital production such as IT intensive operation, human resource management and knowledge engineering to name a few. The key ingredients of this crisis management framework include information management, tradeoff optimization, agile product development and knowledge transfer. The case studies in this book features will help the stakeholders in understanding and identifying the key technology, business and human factors that may likely result in a digital production crisis i.e. critically affect the organization outcomes in terms of successful digitalization and sustainable development. These factors are particularly important for the large scale applications typically considered very complex in managerial and technological aspects and therefore specifically addressed by the discipline of IT crisisology

Mergers, Acquisitions, and Other Restructuring Activities Donald DePamphilis, 2021-09-26 Mergers Acquisitions and Other Restructuring Activities An Integrated Approach to Process Tools Cases and Solutions Eleventh Edition presents the most current and comprehensive M&A information available. Organized according to the context in which topics normally occur in the M&A process, the book covers M&A environments, M&A processes, M&A valuation and modeling, deal structuring and financing strategies, and alternative business and restructuring strategies. Covering industries worldwide, this new edition illustrates the most germane strategies and tactics in today's marketplace. It includes substantially more ancillary materials than previous editions, including an extensive test bank, chapter summaries, and instructor and student PowerPoint slides. More than 100 new references to relevant academic research published since 2018 make the 11th edition a balanced, comprehensive guide to the complex and dynamically changing world of M&A. Provides a rigorous discussion on the strengths and limitations of financial modeling as applied to M&A. Includes more than 270 empirical studies published in leading peer-reviewed journals published 2018-2020, all new since the 10th edition 2019. Presents updated M&A tactics and strategies as well as court cases and new regulations governing business combinations, valuation methodologies and financing
