Crash Course in Readers' Advisory Cynthia Orr, 2014-12-05 One of the key services librarians provide is helping readers find books they'll enjoy. This crash course will furnish you with the basic practical information you need to excel at readers' advisory RA for adults and teens. The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous. Often uncertainty arises because although librarians are called on to perform such services daily readers' advisory is a skill set in which most have no formal training. This guide will remedy that. It is built around understanding books, reading, and readers, and will quickly show you how to identify reading preferences and advise patrons effectively. You'll learn about multiple RA approaches such as genre appeal features and reading interests and about essential tools that can help with RA. Plus you'll discover tips to help you keep up with this ever-changing field. There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds. Helping readers find what they want is a sure way to serve patrons and build your library's brand. You will come away from this easy-to-understand crash course with the solid background you need to do both.

Young Adult Resources Today Don Latham, Melissa Gross, 2014-05-21 *Young Adult Resources Today: Connecting Teens with Books, Music, Games, Movies, and More* is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in Integrating theory research and practice; Integrating implications for practice throughout the book; Integrating knowledge of resources with professional practice as informed by research; Integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres; movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers' advisory programming, and collaboration. Special attention is paid to program planning and evaluation.

Angelika Frankenstein Makes Her Match

Sally Thorne, 2022-09-15

This book is genuinely fantastically nuts and I adored every single second of it. Jelly is the lonely horny enterprising heroine of my heart. Will is the most adorable love interest to ever grace a book and then there's the plot which is deliciously bonkers and utterly unique. Ali Hazelwood New York Times bestselling author of *The Love Hypothesis* For generations every Frankenstein has found their true love and equal unlocking lifetimes of blissful wedded adventure. Clever pretty and odd Angelika Frankenstein has run out of suitors and fears she may become the exception to this family rule. When assisting in her brother Victor's ground breaking experiment to bring a reassembled man back to life she realizes that having an agreeable gentleman convalescing in the guest suite might be a chance to let a man get to know the real her. For the first time Angelika embarks upon a project that is all her own. When her handsome scientific miracle sits up on the lab table her hopes for an instant romantic connection are thrown into disarray. Her resurrected beau named Will for the moment has total amnesia and is solely focused on uncovering his true identity. Trying to ignore their heart pounding chemistry Angelika reluctantly joins the investigation into his past hoping it will bring them closer. But when a second suitor emerges to aid their quest Angelika wonders if she was too hasty inventing a solution. Perhaps fate is not something that can be influenced in a laboratory. Or is Will or whatever his name is her dream man tailored for her in every way. And can he survive what was done to him in the name of science and love. Filled with carriages candlesticks and corpses *Angelika Frankenstein Makes Her Match* is the spooky season romcom that reminds us to never judge a man by his cadaver. This is Sally Thorne at her absolute best witty banter a sexy toe curling romance and voice that pirouettes off the page but add one part Tim Burton Christina Lauren New York Times bestselling author Bridgerton meets the Addams Family I was hooked the moment I read the first page.
