The History of the NBA in Twelve Games Sean Deveney,2022-11-01 From its early days as a physical plodding game with franchises parked in outpost towns like Fort Wayne Moline and Rochester to today's international showcase sport professional basketball has evolved dramatically over the decades But the development of the National Basketball Association and its star players was not preordained There were moments both obvious and subtle that steered the direction of the sport whether it was Bill Russell's swan song a near miss on Michael Jordan Kobe Bryant's All Star debut at nineteen a LeBron James legacy game or a deep 3 point shot by Steph Curry these moments gradually brought us the NBA we know today a scrappy league that was jump started by a 24 second timer and will be defined by the 30 000 3 pointers its players knock down per season Veteran NBA reporter and editor Sean Deveney will explore the unique characters and backstories of 12 crucial games in the history of the NBA while putting them into the context of their influence on the direction of the league

The Digital NBA Steven Secular,2023-06-20 The National Basketball Association reaches a global audience via a multiplatform strategy that leverages its uncanny ability to connect fans to all things NBA Steven Secular brings readers inside the league's global operations and traces the history of the NBA's approach to sports media from its 1980s embrace of cable through the streaming revolution of the twenty first century As fans around the world stream games and other league content NBA teams incorporate foreign languages and cultures into broadcasts to boost their product's appeal to audiences in Brazil China and beyond Secular's analysis reveals how the NBA continues to transform itself into a wildly successful media producer and distributor more akin to a streaming studio than the sports leagues of old even as its media partners and sponsors erase any notion of sports as a civic good A timely look at a dynamic media landscape The Digital NBA shows how the games we love became content first and sport a distant second
