Kraft, 2003-08-18 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary dimension of life most of the world's peoples do not Having worked and studied among peoples of several non Western societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for all those who work among non Westerners in pastoral or mission situations Understanding Spiritual Power addresses the dynamics of the felt need for spiritual power in relation to a people's assumptions values and commitments in order to provide a foundation for meaningful Christian witness in power oriented societies The Western Church Kraft argues under pressure from modern rationalism has largely lost awareness of God's power and position vis a vis the spiritual realm so important in other societies Indeed this loss of power could be one reason for the interest in Eastern and New Age philosophies on the part of Westerners disillusioned with the modern worldview Having worked among the Kamwe in Nigeria the Thai in Asia and the Navajo in North America Kraft focuses on specific ways in which people in these three societies view reality and suggests how the gospel can be articulated in forms they can understand Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power By exploring living societies providing examples and case studies and offering specific strategies this book makes a powerful case for rethinking and recasting traditional missiological methods At the same time it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach Your Spiritual Power Ernest Holmes, 2012-12-27 Ernest Holmes well known for founding the Church of Religious Science now called Centers for Spiritual Living and for his magnum opus The Science of Mind published many smaller papers and treatises throughout his career as an author Now for the first time seven of his best classical works are bound together in a single volume Your Spiritual Power including four rare works being published by Tarcher Penguin for the first time The works in this amazing collection of motivational writing include Immortality Thoughts on what it truly means to be immortal and ponderings on what experiences after death may be like What Religious Science Teaches Offering the student of life the best that the world has so far discovered Holmes shows how the ideas of Religious Science have been developed by Taoism Hindu scriptures the Koran the Talmud and other great spiritual teachings of the world Your invisible Power Considered by Holmes to be one of his most powerful works this short book expands on a selection of key topics presented in The Science of Mind and is illustrated throughout Pray and Prosper An essay discussing Holmes's understanding of prayer and its relationship to the infinite Holmes contemplates the meaning of prayer its objectives and prayer's relationship to internal spiritual enlightenment Additionally this omnibus will include

*Missiology with Power* Charles H. Kraft, 2024-12-31 Healing the sick bringing freedom from evil spirits proclaiming the good news of the kingdom of God these instructions are the core of what Jesus commanded the Twelve and seventy to do as he sent them out on mission. Missiology the study of mission explores how the good news of the kingdom of God and of Jesus is communicated across cultures. Many involved in mission have found that this communication requires more than words it also entails visible demonstrations of God's power to heal set people free from spiritual oppression and challenge unbiblical adherence to harmful animistic and folk practices. This book by renowned missiologist Charles H Kraft explores what missiology informed by and infused with Jesus centered spiritual power looks like. It is packed with insights based on a lifetime of practical experience field research and biblical reflection. In *Missiology with Power* Kraft addresses topics such as spiritual power and authority ways cultures see invisible spiritual realities and how Jesus can be followed in culturally relevant ways that also challenge and change unbiblical traditional beliefs in magic divination cursing worship of spirits and other related practices. Exceedingly practical and challenging this short work Kraft's final book does not disappoint
