**Smartphone and App Implementations that Improve Productivity** Tahir M. Nisar, 2019-05-20 The introduction of digital applications into businesses has revolutionized the way employees and managers carry out their jobs while also benefiting them socially. Smartphone and App Implementations that Improve Productivity looks at the benefits of apps in the workplace and introduces academic perspectives that link prospective advantages with practical commercial examples. The analysis is structured into chapters that include real world application while at the same time critically assess implied benefits of the new app technology and draw out the main findings and conclusions. Tahir M. Nisar brings into focus the emerging role of digital applications and big data in enterprise decision making. Readers will learn how companies can

achieve more efficiency and effectiveness in their business operations through new types of organizational design strategies and mechanisms of employee mobility and work life balance that draw on digital apps **Essential Operations**

**Management** Alex Hill, Terry Hill, 2017-11-01 The second edition of this innovative core textbook spans the service and manufacturing sectors equipping readers to grasp and overcome the core challenges faced in planning, designing and implementing operations. The prestigious and well-respected author team takes a tasks and challenges approach that marries theory to their extensive practical experience of running operations in high-profile business settings while reflecting their clear vision and personal philosophy of operations management. Packed with engaging learning features that truly bring the subject to life, the text provides a concise and real-world-orientated look at the key parts of an operations manager's job. This textbook is an ideal course text for undergraduate, postgraduate, and MBA students taking a module in operations management or manufacturing services operations. New to this edition: New and greatly expanded coverage of the most relevant contemporary topics in OM, including corporate social responsibility and ethics, lean manufacturing, outsourcing vs. insourcing, and zero-hour contracts. Over 30 new and updated cases from a wide range of international companies, including Apple, Samsung, and Uber. Increased focus on strategy with an expanded emphasis and new dedicated sections on improving operations that place OM firmly at the centre of organizational considerations. **Marketing** Paul Baines, Chris Fill, Sara Rosengren, 2017 Do you want to know how a quintessentially British brand expands into the Chinese market? How organizations incorporate social media into their communication campaigns or how a department store can channel its business online? What can you learn from these practices and how could it influence your career? Whether in marketing or not, Marketing 4th edition will provide the skills vital to successfully engaging with marketing across all areas of society from dealing with skeptical consumers moving a business online and deciding which pricing strategy to adopt through to the ethical implications of marketing to children and being aware of how to use social networking sites to a business advantage. In this edition, a broader range of integrated examples and market insights within each chapter demonstrate the relevance of theory to the practice, featuring companies such as Porsche, Facebook, and L'Oréal. The diversity of marketing on a global scale is showcased by examples that include advertising in the Middle East, Soberana marketing in Panama, and LEGO's expansion into emerging markets. Theory into practice boxes relate these examples back to the theoretical frameworks, models, and concepts outlined in the chapter, giving a fully integrated overview of not just what marketing theory looks like in practice but how it can be used to promote a company's success. Video interviews with those in the industry offer a truly unique insight into the fascinating world of a marketing practitioner. For the fourth edition, the authors speak to a range of companies from Withers Worldwide to Aston Martin, the City of London Police to Spotify, asking marketing professionals to talk you through how they dealt with a marketing problem facing their company. Review and discussion questions conclude each chapter, prompting readers to examine the themes discussed in more detail and encouraging them to engage critically.
