The lives of many agents are in continuous danger The rules of the game are cruel as moral and ethical considerations are negated by the bullet There is no honor between rivals on the streets of Beirut or Baghdad only the most quickwitted survive A modern spy must blend in live among the enemy speak the language befriend and exploit the enemy at every opportunity They are required to be streetwise rough tough and ruthless **Red Sparrow** Jason Matthews,2014-04-29 Drafted against her will to serve the regime of Vladimir Putin as an intelligence seductress Dominika Egorova engages in a charged effort of deception and tradecraft with first tour CIA officer Nathaniel Nash before a forbidden attraction threatens their careers

Agents of Subversion John P. Delury,2022-10-15 Agents of Subversion reconstructs the remarkable story of a botched mission into Manchuria showing how it fit into a wider CIA campaign against Communist China and highlighting the intensity and futility of clandestine operations to overthrow Mao In the winter of 1952 at the height of the Korean War the CIA flew a covert mission into China to pick up an agent Trained on a remote Pacific island the agent belonged to an obscure anti communist group known as the Third Force based out of Hong Kong The exfiltration would fail disastrously and one of the Americans on the mission a recent Yale graduate named John T Downey ended up a prisoner of Mao Zedong s government for the next twenty years Unraveling the truth behind decades of Cold War intrigue John Delury documents the damage that this hidden foreign policy did to American political life The US government kept the public in the dark about decades of covert activity directed against China while Downey languished in a Beijing prison and his mother lobbied desperately for his release Mining little known Chinese sources Delury sheds new light on Mao s campaigns to eliminate counterrevolutionaries and how the chairman of the Chinese Communist Party used captive spies in diplomacy with the West Agents of Subversion is an innovative work of transnational history and it demonstrates both how the Chinese Communist regime used the fear of special agents to tighten its grip on society and why intellectuals in Cold War America presciently worried that subversion abroad could lead to repression at home **Disciples** Douglas Waller,2015-10-06 They are the most famous and controversial directors the CIA has ever had Allen Dulles Richard Helms William Colby and William Casey Disciples is the story of these dynamic agents and their daring espionage and sabotage in wartime Europe under OSS Director Bill Donovan

Under the Rose F. McGlohlen,2017-11-11 The intended audience of this book are those who are called to work in oppressive regions of the world particularly journalists missionaries and liberators who find themselves in an asymmetric fight The content inside does not derive from any one nation or organization s methods but a culmination of many It pulls from governmental criminal and militant techniques without regard to nationality Topics of study include creating covers counter surveillance establishing caches planning and executing urban rural and vehicular meetings planning ratlines and appropriate use of technology to augment clandestine communications **The Official CIA Manual of Trickery and Deception** H. Keith Melton,Robert Wallace,2009-11-03 Magic or spycraft In 1953 against the backdrop of the Cold War the CIA initiated a top secret program code named MKULTRA to counter Soviet mind control and interrogation techniques

Realizing that clandestine officers might need to covertly deploy newly developed pills, potions and powders against the adversary, the CIA hired America's most famous magician John Mulholland to write two manuals on sleight of hand and undercover communication techniques. In 1973, virtually all documents related to MKULTRA were destroyed. Mulholland's manuals were thought to be among them until a single surviving copy of each, complete with illustrations, was recently discovered in the agency's archives. The manuals reprinted in this work represent the only known complete copy of Mulholland's instructions for CIA officers on the magician's art of deception and secret communications. [Putin's Playbook](#) Rebekah Koffler, 2021-07-27. It's time for Americans to recognize and accept that Russia is waging war with America. In fact, President Vladimir Putin has already authorized an action plan for victory. Intelligence expert Rebekah Koffler, an expert on Russian doctrine and intelligence strategy who was born in the former Soviet Union, shows us that Russia's subversive activity in America is increasing. Social media manipulation is a very small piece of a much larger puzzle that when put together reveals a highly coordinated strategy to defeat the United States without firing a shot or sending missiles to awaken a sleeping populace. [Resistance Privacy Manual: Communicating in Secret](#) William Church, 2017-10-09. Resistance Manual Part 1: Communicating in Secret reveals spy trade craft by one of America's leading experts in Cyberwarfare. Learn how to go dark and communicate in secret with the same techniques that professional intelligence agents use. The Privacy Manual explains the following: How to buy and establish a computer that cannot be traced to you; How to buy and establish a mobile phone that cannot be traced to you; How to covertly send and receive files; How to protect yourself from search warrants; How to avoid financial tracking in America; How to take your assets offshore to avoid financial tracking. **Portrait of a Cold Warrior** Joseph Burkholder Smith, 1976. Journalist Bill Johnson is assigned the task of finding out the truth about his death, but the facts are elusive and lead him on an evasive hunt for the truth. [Spy Hunter](#) Robert W. Hunter, Lynn Dean Hunter, 1999. Hunter, a foreign counterintelligence agent for the FBI, was lead investigator in the case against master spy John Walker, who led what top officials called the most damaging espionage ring in US history. He presents an insider's account of the detection, pursuit and capture of the US Navy communications expert and his partners in espionage. This work is the first to discuss interviews with Walker's relatives, with judges and prosecutors involved in the case, and with the KGB general who supervised Walker.
