## **Standard Guide To Golden Age Comics:**

**Standard Guide to Golden Age Comics** Alex G. Malloy, Stuart W. Wells, 2006 Ultimate comic book heroes like Superman Batman and Captain Marvel take center stage in this comprehensive guide to Golden Age comics Collectors and dealers are sure to seek out a reference devoted to the era that began in 1938 with Superman and concluded in 1956 with the debut of Barry Allen as The Flash This companion reference to Comic Book Checklist and Price Guide offers collectors an affordable and portable resource for use at conventions and within their own library A collection of 1 000 comic book covers of hundreds of Golden Age comics featured in this resource which also includes an easy to use tab reference for identifying and pricing This is the one Golden Age guide collectors will look to again and again 1 000 photos assist with quick identification Contains pricing and information on comic book legends like Superman and Batman Updated values help collectors accurately assess issues      **Official® Overstreet® Comic Book Price Guide** Robert M. Overstreet, 2005-05 Offering the most thorough record of existing comic books from the 1800s to the present this book comes indexed and illustrated and with listings priced according to condition      **2010 Comic Book Checklist & Price Guide** Maggie Thompson, Brent Frankenhoff, 2009-10-08 No other guide on the market covers the volume of comic book listings and range of eras as Comic Book Checklist Price Guide does in an easy to use checklist format Readers can access listings for 130 000 comics issued since 1961 complete with names cover date creator information and near mint pricing With super hero art on the cover and collecting details from the experts as America's longest running magazine about comics in this book there is nothing that compares      **Comics Buyer's Guide 1996 Annual** Comics Buyers Guide, 1995-10      **The Official Overstreet Comic Book Grading Guide** Robert M. Overstreet, Arnold T. Blumberg, 2003 Overstreet author of The Official Overstreet Comic Book Price Guide has now written the first and only book that sets the standard for grading the condition of comic books which is the most important factor in determining its value He explains the new 10 point grading system that helps collectors and dealers alike to easily determine the condition of any comic book 400 photos      **Warman's Antiques & Collectibles 2008 Price Guide** Ellen T Schroy, Tracy L. Schmidt, 2007-05-21 Delivers state of the hobby trend reports only collectibles price guide to do so      **Warman's Antiques and Collectibles Price Guide** Ellen Tischbein Schroy, 2006 An illustrated price guide to antiques and collectibles      **The Power of Comics** Randy Duncan, Matthew J. Smith, 2009-07-01 A comprehensive introduction to the comic arts From the introduction by Paul Levitz If ever there was a medium characterized by its unexamined self expression it's comics For decades after the medium's birth it was free of organized critical analysis its creators generally disinclined to self analysis or formal documentation The average reader didn't know who created the comics how or why and except for a uniquely destructive period during America's witch hunting of the 1950s didn't seem to care As the medium has matured however and the creativity of comics began to touch the mainstream of popular culture in many ways curiosity followed leading to journalism and eventually scholarship and so here we are The Power of Comics is the

first introductory textbook for comic art studies courses Lending a broader understanding of the medium and its communication potential it provides students with a coherent and comprehensive explanation of comic books and graphic novels including coverage of their history and their communication techniques research into their meanings and effects and an overview of industry practices and fan culture Co authors randy Duncan and Matthew J Smith draw on their own years of experience teaching comics studies courses and the scholarly literature across several disciplines to create a text with the following features Discussion questions for each chapter Activities to engage readers Recommended reading suggestions Over 150 illustrations Bibliography Glossary

**The Power of Comics** deals exclusively with comic books and graphic novels One reason for this focus is that no one text can hope to do justice to both strips and books there is simply too much to cover Preference is given to comic books because in their longer form the graphic novel they have the greatest potential for depth and complexity of expression As comic strips shrink in size and become more inane in content comic books are becoming a serious art form

**A Complete History of American Comic Books** Shirrel Rhoades,2008 This book is an updated history of the American comic book by an industry insider You ll follow the development of comics from the first appearance of the comic book format in the Platinum Age of the 1930s to the creation of the superhero genre in the Golden Age to the current period where comics flourish as graphic novels and blockbuster movies Along the way you will meet the hustlers hucksters hacks and visionaries who made the American comic book what it is today It s an exciting journey filled with mutants changelings atomized scientists gamma ray accidents and supernaturally empowered heroes and villains who challenge the imagination and spark the secret identities lurking within us
