Stanford White Architect:

Stanford White, Architect Samuel G. White, Elizabeth White, 2008 Stanford White 1853 1906 arguably the most celebrated American architect of his day was the visionary genius of the illustrious architecture firm McKim Mead White A defining figure of the Gilded Age White lived an extravagant life which ended prematurely in a sensational death His celebrity as a result was such that perceptions of the man have to some degree distracted attention from an extraordinary body of work Now more than a century since his passing the enduring quality of White's architectural legacy becomes ever more apparent as the circumstances of his life and death fade to the background In acknowledgment of this legacy Stanford White Architect comprehensively explores White's sumptuously rich oeuvre from the residences he designed for himself and his wife Bessie to the extraordinary and opulent houses he designed for others to those works beyond the residential Stanford White Architect will serve for generations to come as a vivid testament to a resplendent life in architecture From book jacket

The Architects: Stanford White Richard F. Snow, 2018-09-19 As colorful as the buildings he designed Stanford White infused the architectural scene of the late nineteenth and early twentieth centuries with his flamboyant American Renaissance style From private homes to public institutions and religious structures White's inimitable imprint can be seen in buildings throughout New York and the Eastern shore Here in this short form book is White's dramatic and surprising story

Stanny Paul R. Baker, 1989 Baker working with previously unpublished materials breathes new life into this legendary man who dominated American architecture at the turn of the twentieth century and gained infamy in the sensational manner of his death and the subsequent trial of his murderer 50 black and white photos **Stanford White** Charles C.

Baldwin, 2012-12-06 Richard Harding Davis used to complain because when speaking of Stanford White he found it necessary to explain what White was not before telling what he was the greatest designer and probably the greatest architect this country has ever produced Had White died in bed with his family and his friends about him there would have been no word of dispraise He stood at the head of his profession he was not yet fifty three great things were expected of him But he allowed himself to be murdered on a roof garden by a Pittsburgh ne'er-do-well Now murder as every newsboy knows is the greatest word that can be put into a headline Even in small type it sells And shouted from every street corner The newspapers made the most of White's murder Thaw the murderer stayed on the front pages from June 25 to July 13 1906 returning on January 23 1907 the first day of his first trial He was pictured as in some sort a hero the defender of his home White was the villain of the piece Davis speaking as one who had been for fifteen years in the newspaper business said till have never known an attack to be made upon anyone as undeserved as unfair as false as the attack upon White In their search for motives in their eagerness for circulation in their shameless greed the newspapers despatched detectives and reporters to interview valets and chorus girls bell boys and waiters *Stanford White's New York* David Lowe, 1999 Part architectural retrospective part biography and part cultural and social history this volume is both a brilliant evocation of White's life and times and a portfolio

of unforgettable images of his priceless legacy to New York 141 illustrations *The Architect of Desire* Suzannah Lessard,2013-01-23 The story of Stanford White his scandalous affair with the 16 year old actress Evelyn Nesbit his murder in 1906 by her husband the millionaire Harry K Thaw and the hailstorm of publicity that surrounded the trial of the century has proven irresistible to generations of novelists historians and biographers The premier neoclassical architect of his day White s legacy to the world were such masterpieces as New York s original Madison Square Garden the Washington Square Arch and the Players Metropolitan and Colony clubs He was also responsible for the palaces of such clients as the Whitneys Vanderbilts and Pulitzers the robber barons of the Gilded Age whose power and dominance shaped the nation in its heady ascent at the turn of the century As the century rolled on however the story of Stanford White and Evelyn Nesbit came to be viewed as glamorous and romantic the darker narrative of White s out of control sexual compulsion obscured by time Indeed White s wife Bessie and his son Larry remained adamantly silent about the matter for the duration of their lives a silence that reverberated through the next four generations of their extended family Suzannah Lessard is the eldest of Stanford White s great grandchildren It was only in her 30 s that she began to sense the parallels between the silence about her great grandfather s life and the silence about her own perilous experience as a little girl in her own home Thus she became drawn to the remarkable history of her family in order to uncover its hidden truths and in so doing to liberate herself from its enclosure at last The result is a multi layered memoir of astonishing elegance and power one that like a great building is illumined room by room chapter by chapter until the whole is clearly seen *Stanford White in Detail* Samuel G.

White,2020-10-13 A rich presentation of the sensual and scenographic effects created by the legendary Stanford White whose designs extend beyond architecture to encompass lavish interiors jewelry furniture gilded frames and ceremonial events Once proposed as the Commissioner of Beauty for New York City Stanford White was a master of architecture interior design and ornament fearlessly juxtaposing materials and objects from myriad cultures and times Drawing on precedents from antiquity and the Renaissance from Asia the Middle East and Europe as well as Colonial America White created complex surfaces inside and out Stanford White in Detail examines this innovative and intricate web through lush tightly framed vignettes of carved wood and marble metalwork mosaic and tile as well as generous overall room views to demonstrate how these are woven together for a unique effect **Stanford White** Wayne Craven,2005 Based on the archives of the Avery Architectural Library of Columbia University and the New York Historical Society this refreshing portrait of one of America s most prominent architects is at the same time a document of the sweeping social and cultural changes taking place in the country at the turn of the twentieth century A biography of Stanford White and more the book recovers a neglected yet significant part of White s career a career that not only set the bar for twentieth century architecture but also defined the newly emerging profession of interior design **Stanford White** Charles C. Baldwin,1971 *The Life and Works of Stanford White, American Architect During the Late 19th Century* Mary Pacis,1966 **Stanford White** Stanford White,1997

Collection of letters written by architect Stanford White to various family members and his friend the sculptor Augustus Saint Gaudens Illustrated by sketches by White facsimiles of some of his letters and portraits of White and some of his relatives

The Murder of Stanford White Gerald Langford, 1962 The Harry K Thaw Evelyn Nesbit Stanford White story remains one of the great crime sensations of the twentieth century An enormously rich man of high social position and supposedly blameless reputation White nonetheless led a private life that was at variance with his public reputation His lavish stag dinner parties with entertainment by women who were no better than they should have been were well known and later played an important part in the famous murder trial One of White's particular interests was Evelyn Nesbit a fabulously beautiful Floradora Girl who was also the object of Harry K Thaw's affections Thaw an eccentric and very rich Pittsburgher courted Evelyn for three years then married her Stanford White however continued paying attention to the new Mrs Thaw This so infuriated her husband that he shot White before a large crowd on the roof of a famous building designed by White Madison Square Garden in New York City in 1906 Thaw's trial for White's murder electrified the world At first considered a crime passionel it later exposed for the first time the true corruption of society which was still hypocritically hiding behind the restrictions of Victorian morality Thaw's family spent a fortune in his defense including vast sums paid to public relations men in a smear campaign against Stanford White Thaw's lawyer finally won a partial acquittal for his client on the grounds of temporary insanity Thaw was confined to an asylum from which he subsequently escaped to live out his life in the watering places of Europe In recreating the Thaw Nesbit White story Gerald Langford has used a great deal of the actual testimony from the famous trial

The Architecture of McKim, Mead, and White Allan Greenberg, Michael George, 2013-06-21 For forty years 1880-1920 the now legendary architectural firm led by Charles Follen McKim William Rutherford Mead and Stanford White was responsible for many of the finest buildings in America The Boston Public Library Pennsylvania Station in New York and the campus of Columbia University are among the national landmarks designed by these men and their partners Bert Fenner and William Mitchell Kendall This anthology of plans elevations and details of major works of McKim Mead and White is an invaluable reference source and inspiration for the student of architecture As Allan Greenberg writes in his introduction The legacy of McKim Mead and White is so vast that both its outer boundaries and its inner characteristics are only barely discernible As architects of some of the most important buildings in the history of American architecture the work of the office of McKim Mead and White reached a level of quality which has never been equaled by any large office before or after Charles Follen McKim cofounded the firm with William Rutherford Mead in 1878 along with his brother in law William B Bigelow One year later Bigelow left the firm and was replaced by young Stanford White Among the commissions that McKim worked on were the Villard Houses the Boston Public Library the Chicago World's Fair Columbian Exposition and the Agriculture Building the Columbia University campus Symphony Hall in Boston alterations to the White House the Pierpont Morgan Library Pennsylvania Station and the University Club in New York Stanford White who ironically had

replaced Charles McKim at the firm of Gambrill and Richardson in New York joined the partnership in September 1879 A young enthusiastic man who could draw like a house afire in the words of McKim White was responsible for many of the firm s great architectural projects including Madison Square Garden the Washington Arch the Judson Memorial Church what is now Bronx Community College and the accompanying Hall of Fame of Great Americans the Tiffany Building and the Gorham Building His life and career ended abruptly at the age of fifty three when he was murdered on the roof of Madison Square Garden in a well publicized shooting incident in 1906 Evelyn Nesbit and Stanford White Michael Macdonald

Mooney,1976 *Gorham Building, 390 Fifth Avenue, Aka 386-390 Fifth Avenue and 2-6 West 36th Street, Manhattan* New York (N.Y.). Landmarks Preservation Commission,Stanford White,Kerry Ehlinger,Gale Harris,Marjorie Pearson,McKim, Mead & White,1998 The Houses of McKim, Mead & White Samuel G. White,1998 A look at the homes of one of America s most influential architectural firms **McKim, Mead & White, Architects** Leland M. Roth,1983 **Triumvirate: McKim, Mead & White** Mosette Broderick,2010-10-26 A rich fascinating saga of the most influential far reaching architectural firm of their time and of the dazzling triumvirate Charles McKim William Mead and Stanford White who came together bound by the notion that architecture could help shape a nation in transition They helped to refine America s idea of beauty elevated its architectural practice and set the standard on the world s stage Their world and times were those of Edith Wharton and Henry James though both writers and their society shunned the architects as being much too much about new money They brought together the titans of their age with a vibrant and new American artistic community and helped to forge the arts of America s Gilded Age informed by the heritage of European culture McKim Mead about money and power about the education of an unsophisticated young country and about the coming of artists as an accepted class in American society

Broderick a renowned architectural and social historian brilliantly weaves together the strands of biography architecture and history to tell the story of the houses and buildings Charles McKim William Mead and Stanford White designed She writes of the firm s clients many of whom were establishing their names and places in upper class society as they built and grabbed railroads headed law firms and brokerage houses owned newspapers developed iron empires and carved out a new direction for America s modern age **The Grandest Madison Square Garden** Suzanne Hinman,2019-05-23 November 1891 the heart of Gilded Age Manhattan Thousands filled the streets surrounding Madison Square fingers pointing mouths agape After countless struggles Stanford White the country s most celebrated architect was about to dedicate America s tallest tower the final cap set atop his Madison Square Garden the country s grandest new palace of pleasure Amid a flood of electric light and fireworks the gilded figure topping the tower was suddenly revealed an eighteen foot nude sculpture of Diana the Roman Virgin Goddess of the Hunt created by Augustus Saint Gaudens the country s finest sculptor and White s dearest pal The Grandest Madison Square Garden tells the remarkable story behind the construction of the second 1890 Madison Square Garden and the controversial sculpture that crowned it Set amid the magnificent achievements of nineteenth century

American art and architecture the book delves into the fascinating private lives of the era's most prominent architect and sculptor and the nature of their intimate relationship Hinman shows how both men pushed the boundaries of America's parochial aesthetic ushering in an era of art that embraced European styles with American vitality Situating the Garden's seminal place in the history of New York City as well as the entire country The Grandest Madison Square Garden brings to life a tale of architecture art and spectacle amid the elegant yet scandal ridden culture of Gotham's decadent era

The Murder of Stanford White Dr. Gerald Langford, 2018-02-27 Evelyn Nesbit was a popular American chorus girl an artists model and an actress In the early part of the Twentieth century the figure and face of Evelyn Nesbit were everywhere appearing in mass circulation newspaper and magazine advertisements on souvenir items and calendars making her a cultural celebrity But it was on the evening of June 25 1906 that she gained worldwide notoriety when her husband multi millionaire Harry Kendall Thaw shot and murdered architect and New York socialite Stanford White on the rooftop theatre of Madison Square Garden leading to what the press would call The Trial of the Century The Harry K Thaw Evelyn Nesbit Stanford White story remains one of the great crime sensations of the Twentieth Century Stanford White an enormously rich man of high social position and supposedly blameless reputation nevertheless led a private life that was at variance with his public reputation His lavish stag dinner parties were well known and later played an important part in the famous murder trial A gripping read
