Covering genres from adventure and fantasy to horror, science fiction, and superheroes, this guide maps the vast terrain of graphic novels, describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read-alikes. New subgenres, new authors, new artists, and new titles appear daily in the comic book and manga world, joining thousands of existing titles, some of which are very popular and well known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase and which to recommend to teen and adult readers? This updated guide is intended to help you start, update, or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic superhero comics and other classic and contemporary crime, fighter-based comics, action and adventure comics, including prehistoric, heroic, explorer, and Far East adventure, as well as Western adventure, science fiction titles that encompass space opera, fantasy, aliens, post-apocalyptic themes, and comics with storylines revolving around computers, robots, and artificial intelligence. There are also chapters dedicated to fantasy titles, horror titles such as comics about vampires, werewolves, monsters, ghosts, and the occult, crime and mystery titles regarding detectives, police officers, junior sleuths, and true crime, comics on contemporary life, covering romance, coming-of-age stories, sports, and social and political issues, humorous titles, and various nonfiction graphic novels.

Star Wars: Clone Wars Adventures Vol. 1 Haden Blackman, Fillbach Brothers, Ben Caldwell; Matt Fillbach; Shawn Fillbach, 2004. Inspired by the Cartoon Network's Clone Wars cartoons, this series uses the television show as a jumping-off point to tell new stories of heroism and villainy in the same stripped-down visual style. On the night world of Nivek, Obi-Wan Kenobi and Anakin Skywalker must first overcome the limitations of fighting in the dark before they can take on the dreaded Shadowmen. Meanwhile, Jedi Masters Mace Windu and Saesee Tiin discover that push can come to shove when using the Force to fight battle droids. And fresh from leading an underwater assault against Separatist forces on the water planet of Mon Calamari, Jedi Master Kit Fisto and his remaining clone troops reach the surface to find a new threat awaiting them. Incredible action, hot art, and lightning-fast pacing are coming your way in this take on the Star Wars galaxy.
