Weaving China's Past The Amy S Clague Collection Of Chinese Textiles:

Weaving China's Past Claudia Brown, Robert D. Mowry, 2000 Western admiration of China's silk textiles dates back at least to the days of the Roman empire. The establishment of the Chinese republic caused a large number of imperial costumes no longer needed for court ritual to enter collectors' hands. Textiles curators have studied these in depth yet American museums are just recently beginning to explore the broader topic of Chinese textiles and to present splendid examples of the art along with porcelains, bronzes, enamels and other decorative art traditions of China. Weaving China's Past examines an extraordinary private collection of Chinese textiles of diverse styles, functions and techniques. The collection is remarkable for its chronological expanse with works ranging in date from the Song (960-1279) and Jin (1115-1234) dynasties through the Qing dynasty (1644-1911). The book examines the relationship of these textiles to the greater fabric of Chinese art. Pieces in the collection have been subjected to microscopic examination and radiocarbon dating as well as full examination by a textiles conservator and the results of these studies are included. The yarn type, thread count, weave and supplementary materials are identified. Several of the brocades feature gold fibers and these have been analyzed to identify specific techniques.

A remarkable discovery was the use of peacock feathers twisted with silk fibers in a *kesi* woven during the Qing dynasty. The study of Chinese silk textiles like the study of Chinese ceramics and metalwork offers a glimpse into a complex tradition in which both organized industry and individual creativity played a role. Traditional China viewed spinning, weaving and embroidery as divinely inspired arts to be practiced dutifully in the home. Concurrently, however, luxury textiles were commissioned for religious, state and private use. Silk was essential in China's foreign policy, used along with gifts of tea and silver to pacify borderlands. Together with porcelain, silk became a major commodity for export to Europe. Elaborate techniques were developed for producing complex designs in both brocade and embroidery. During China's later dynasties, textile arts were pursued as fine arts, appreciated on equal footing with painting and calligraphy.

[Chinese Art](#) Patricia Bjaaland Welch, 2013-02-19 With over 630 striking color photos and illustrations, this Chinese art guide focuses on the rich tapestry of symbolism which makes up the basis of traditional Chinese art. *Chinese Art: A Guide to Motifs and Visual Imagery* includes detailed commentary and historical background information for the images that continuously reappear in the arts of China, including specific plants and animals, religious beings, mortals and inanimate objects. The book thoroughly illuminates the origins, common usages and diverse applications of popular Chinese symbols in a tone that is both engaging and authoritative. *Chinese Art: A Guide to Motifs and Visual Imagery* is an essential reference for collectors, museum goers, guides, students and anyone else with a serious interest in the culture and history of China.

Embroidered Identities 《刺繡身分》 Mei-ying Lee 《李美英》, Florian Knothe 《弗洛里安·孔特》, 2013-12-15 This publication accompanies the University Museum and Art Gallery's exhibition of traditional Chinese costumes, baby carriers and silver ornaments drawn from the collection of Mei-ying Lee. Elaborately embroidered costumes and baby carriers, most of which originate with the Miao, Dong, Shui and Zhuang ethnic tribes of the

south western Chinese provinces of Guizhou Yunnan and Guangxi are decorated with richly coloured stitched and sewn ornamentations and sometimes silver applications indigenous to the particular culture and long lived traditions they derive from As some ethnic minorities lack a written script the symbolism and colour coding found in their textiles form a visual language that presents an important cultural and anthropological development and heritage still in practice today
