Media Today Joseph Turow, 2026-03-05 This ninth edition of Joseph Turow's pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world. It teaches students to think critically about the role of media and what these changes mean for their lives. The book's media systems approach helps students to look carefully at how media content is created, distributed, and exhibited in the new world that the digital revolution has created. The first part examines the media world as a whole, while the second delves deep into key media industries such as the movie, television, and video streaming and video game industries.
