Spreading Buddhas Word East Asia:

Spreading Buddha's Word in East Asia Jiang Wu, Lucille Chia, 2015-12-15 A monumental work in the history of religion the history of the book the study of politics and bibliographical research this volume follows the making of the Chinese Buddhist canon from the fourth century to the digital era Approaching the subject from a historical perspective it ties the religious social and textual practices of canon formation to the development of East Asian Buddhist culture and enlivens Chinese Buddhist texts for readers interested in the evolution of Chinese writing and the Confucian and Daoist traditions The collection undertakes extensive readings of major scriptural catalogs from the early manuscript era as well as major printed editions including the Kaibao Canon Qisha Canon Goryeo Canon and Taisho Canon Contributors add fascinating depth to such understudied issues as the historical process of compilation textual manipulation physical production and management sponsorship the dissemination of various editions cultic activities surrounding the canon and the canon's reception in different East Asian societies The Chinese Buddhist canon is one of the most enduring textual traditions in East Asian religion and culture and through this exhaustive multifaceted effort an essential body of work becomes part of a new versatile narrative of East Asian Buddhism that has far reaching implications for world history **Languages, scripts, and Chinese texts in East Asia** Peter Francis Kornicki, 2018-01-11 Chinese Writing and the Rise of the Vernacular in East Asia is a wide ranging study of vernacularization in East Asia not only China Japan Korea and Vietnam but also societies that no longer exist such as the Tangut and Khitan empires Peter Kornicki takes the reader from the early centuries of the common era when the Chinese script was the only form of writing and Chinese Buddhist Confucian and medical texts spread throughout East Asia through the centuries when vernacular scripts evolved right up to the end of the nineteenth century when nationalism created new roles for vernacular languages and vernacular scripts Through an examination of oral approaches to Chinese texts it shows how highly valued Chinese texts came to be read through the prism of the vernaculars and ultimately to be translated This long process has some parallels with vernacularization in Europe but a crucial difference is that literary Chinese was unlike Latin not a spoken language As a consequence people who spoke different East Asian vernaculars had no means of communicating in speech but they could communicate silently by means of written conversation in literary Chinese a further consequence is that within each society Chinese texts assumed vernacular garb in classes and lectures Chinese texts were read and declaimed in the vernaculars What happened in the nineteenth century and why are there still so many different scripts in East Asia How and why were Chinese texts dethroned and what replaced them These are some of the questions addressed in Chinese Writing and the Rise of the Vernacular in East Asia Journal of Chinese Religions, 2016

Description Theravada Buddhism exists in Ceylon Sri Lanka Burma Siam Thailand Cambodia and in Laos This form of Buddhism is the tie that binds Ceylon with all these countries of South east Asia The present book tries to show that Ceylon had strong cultural links with her neighbours in South east Asia From the eleventh century onwards the Sihala Sangha and Sihala Buddhism constitute a strong and vitalising force in the religious history of South east Asia and the Buddhist countries in South east Asia looked on Ceylon as the fountainhead of Theravada Buddhism This book also deals with the introduction and development of Buddhism in India The chief aim of this book is to examine carefully and to evaluate historically the evidence in the primary sources relating to the religious ties that existed along the Theravada countries This book will no doubt be helpful to those interested in the study of Buddhism and Buddhist culture in India as well as in South and South east Asia 5 Steps to a 5 AP World History, 2008-2009 Edition Peggy J.
