SPSS for Social Workers Peter E. Blanksby, James G. Barber, 2006 CD ROM for Windows has an easy to use interface *Information Technologies* Frank B. Raymond III, Leon Ginsberg, Debra Gohagan, 2020-10-07 This insightful volume explores examples of the use of technology to teach social work knowledge values and skills across the curriculum. The chapters cover a wide range of perspectives including international views of the role of information technology in Great Britain and Malaysia training approaches for faculty development and computer based software that has the potential to transform the manner in which curriculum objectives are met. Prepare for technology based instruction in social work education for the 21st century *Information Technologies* Teaching to Use Using to Teach *Information Technologies* Teaching to Use Using to Teach addresses your need to fully prepare today's social work graduates to work and live in this rapidly changing technology enhanced environment. Based on the 1997 *Information Technologies* Conference Using to Teach Teaching to Use held in Charleston, South Carolina, this book covers the multitude of topics that were presented on technology based instruction as we head into the 21st century. Articles in *Information Technologies* range from the use of the Internet and computer applications to research projects that address the effectiveness of technology based teaching and learning activities. It also discusses international views on the role of information technology in Britain and Malaysia. *Information Technologies* gives particular attention to distance education and it is the most thorough treatment to date of the use and teaching of technology in social work education. Specific areas you'll gain valuable information from include establishing a faculty development lab, starting intensive faculty training sessions, computer based software that has the potential to transform the manner in which curriculum objectives are met, international perspectives on information technology, the use of Geographic Information Systems technology in social work practice as a tool for improved visualization of social and economic inequalities, models for teaching social work curriculum with technology. With *Information Technologies* you will gain a competitive edge in preparing your faculty and students with the latest world wide information on studies pertaining to technology use in a social work setting. A conglomeration of diverse and well researched articles on the use of technology to enhance social work education await you in this special volume. [Research: Oxford Bibliographies Online Research Guide](#) Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters and journal articles to online archives, electronic data sets and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic.
